Please use the format on the right. Your artwork/images are to read from left to right, top to bottom. Tell the story as a comic strip style sequence using no more than twelve images. In your storyboard, use images one to ten to develop the story which may lead to an unexpected, amusing or surprise ending in the last one or two images.

You may use original hand drawn graphic, collage or photographic means to create the images. The aim of this task is to help us evaluate your ability to communicate and illustrate your ideas using visual language.
