Position Details

Position Title: Vice-Chancellor’s Professorial Research Fellow
College/Portfolio: Dependent on the successful applicant’s research specialisation
School/Group: Dependent on the successful applicant’s research specialisation
Campus Location: Based at one of the Melbourne campuses (City, Brunswick or Bundoora), however may be required to work and/or be based at other Melbourne campuses from time to time.
Classification: Academic Level E
Employment Type: Fixed Term – 5 years
Time Fraction: 1.0 FTE

RMIT University

RMIT is a multi-sector university of technology, design and enterprise. The University’s mission is to help shape the world through research, innovation and engagement, and to create transformative experiences for students to prepare them for life and work. For more information on RMIT University follow the links below.
https://www.rmit.edu.au/about
https://www.rmit.edu.au/about/facts-figures

Our three main campuses in Melbourne are located in the heart of the City, Brunswick and Bundoora. Other locations include Point Cook, Hamilton and Bendigo, two campuses in Vietnam (Hanoi and Ho Chi Minh City) and a centre in Barcelona, Spain. RMIT is a truly global university.
https://www.rmit.edu.au/about/our-locations-and-facilities

We are also committed to redefining our relationship in working with, and supporting, Indigenous self-determination. Our goal is to achieve lasting transformation by maturing our values, culture, policy and structures in a way that embeds reconciliation in everything we do. We are changing our ways of knowing, working and being to support sustainable reconciliation and activate a relationship between Indigenous and non-Indigenous staff, students and community. Our three campuses in Melbourne (City, Brunswick and Bundoora campuses) are located on the unceded lands of the people of the Woi Wurrung and Boon Wurrung language groups of the eastern Kulin Nation.

Why work at RMIT University

Our people make everything at the University possible. We encourage new approaches to work and learning, stimulating change to drive positive impact. Find out more about working at RMIT University, what we stand for and why we are an Employer of Choice.

**Research and Innovation Portfolio**

RMIT uses its global presence, urban environment and community and industry connections to capture opportunities and ensure our research makes a difference. Our focus on application and transformation is having a positive impact on communities and the environment. Our aspiration is to make a significant contribution to knowledge in our areas of specialisation and identify and develop innovative approaches to build economic prosperity and to address problems affecting society.

RMIT has eight Enabling Impact Platforms (EIPs) which go beyond a traditional academic discipline-based view of the world. EIPs are clusters of research excellence that can be deployed to deliver significant positive economic, social, and environmental impact. It is through connecting our areas of research excellence and deploying that excellence to address others’ needs that RMIT will make a substantial difference. The EIP areas are in Advanced Materials, Manufacturing and Fabrication; Biomedical and Health Innovation; Design and Creative Practice; Global Business Innovation; Information and Systems (engineering), Social Change; Urban Futures; and Sustainable Development Technologies and Systems. Find out more about EIPs at https://www.rmit.edu.au/research/our-research/enabling-impact-platforms

Researchers at RMIT University are based in Schools and are affiliated with our EIPs. This enables us to provide focus and support for outcome-related multi-disciplinary research, undertaken in collaboration with leading organisations and industry partners. These collaborations ensure our research outcomes make a difference.

RMIT’s Research and Innovation Portfolio supports researchers to help shape the world. The portfolio has an engaged, energetic, talented, and collaborative team focused on enabling excellent research and innovation outcomes. With a global presence, community, and industry connections, we support cutting-edge research and careers that make a positive impact on communities.

The Research and Innovation Portfolio supports researchers and graduate researchers with research partnerships, grants and research contracts, funding opportunities, capability development, research training, ethics and integrity, intellectual property, commercialisation, internships, communication, and profile. Through the School of Graduate Research, the Portfolio is responsible for promoting and enhancing research education and training at RMIT to ensure the highest standard of research candidate experience is possible.

**RMIT University’s three Academic Colleges**

The College of Business and Law has established a reputation for excellence in business and management education, providing high quality industry responsive programs relevant to the national and global marketplace.

Click [here](https://www.rmit.edu.au/research/our-research/enabling-impact-platforms) to find out more about research in the College of Business and Law.

The College of Design & Social Context encompasses RMIT’s art, communication, design, education, humanities, property, and social science discipline areas.

Click [here](https://www.rmit.edu.au/research/our-research/enabling-impact-platforms) to find out more about research in the College of Design & Social Context.
The STEM College holds a leading position and expertise in the science, technology, engineering, mathematics, and health (STEM) fields. We are uniquely positioned to influence and partner with industry, as never before.

STEM College is a community of exceptional STEM researchers, teachers, inventors, designers, and game-changers, supported by talented professional staff. We offer higher education programs across all STEM disciplines at the Bachelor, Master and PhD levels, and ensure our students experience an education that is work-aligned and life-changing.

**Position Summary**

The Vice-Chancellor's Professorial Research Fellow will be aligned with one or more of RMIT's Strategic Research Priority Areas as identified in the 2023 recruitment round. They will be located within a School environment but expected to work across disciplines.

The Vice-Chancellor's Professorial Research Fellow is a senior academic appointment and will be an eminent researcher, contributing significantly to research outputs and translation, industry and public engagement, building capability of staff, promoting strong research performance, and above all – engaging in research which builds social, environmental and economic benefit and positive change in the world.

The Vice-Chancellor's Professorial Research Fellow will provide high level transdisciplinary, externally linked and impact-focused research leadership and also develop and lead research project teams and programs and foster a vibrant research culture. They are required to develop a high-quality and productivity-driven research network across RMIT and with external national and global partners.

The Vice-Chancellor's Professorial Research Fellow will make a significant contribution to planning and strategic direction, taking on major academic leadership roles involving participation in committees, networks, projects and alliances within their School, College, the University and with industry, community, government, advocacy, arts, NGO, health or other bodies external to the University, as appropriate.

The Vice-Chancellor's Professorial Research Fellow will be expected to attract external research funding including competitive grants from both national and international sources and produce high-quality outputs.

The position may undertake limited teaching duties in relevant areas.

The position is open to candidates who do not currently hold a continuing academic appointment with RMIT University.

**Reporting Line**

Reports to: A School reporting line through to the Dean, or delegate, with dotted line supervision/mentoring by relevant Enabling Impact Platform (EIP) Director/s.

**Organisational Accountabilities**

RMIT University is committed to the health, safety and wellbeing of its staff. RMIT and its staff must comply with a range of statutory requirements, including equal opportunity, occupational health and safety, privacy and trade practice. RMIT also expects staff to comply with its policy and procedures, which relate to statutory requirements and our ways of working.

Appointees are accountable for completing training on these matters and ensuring their knowledge and the knowledge of their staff is up to date.

**Key Accountabilities**

- Develop and lead high quality research involving design and development of major projects within the foci of one or more of RMIT's Strategic Research Priority Areas as identified in the 2023 Vice-Chancellor's Research Fellowships recruitment round, with a strong focus on impact and translation, and interdisciplinary research.
- Continue to build on international reputation for original and innovative contributions to the field of research, demonstrated by sustained and distinguished performance and evidence of impact.
- Lead contribution and foster excellence in transdisciplinary, impact-focused research including: identifying and attracting external research funding towards high-impact projects; identifying and leading opportunities for transdisciplinary projects; building alliances with researchers in other institutions including internationally; building research projects and collaborations with industry and other partners; leading teams to produce research outputs and effective forms of translation, including novel and non-traditional forms; attracting and supervising higher degree by research candidates; and contributing to research training and research policy.
- Manage research programs within timelines and budget, ensuring compliance with quality and reporting requirements, including Research Groups and Centres.
- Lead School, College and University Research strategy development and governance activities and the development of a culture of responsible research conduct across the University.
- Develop and build collegiality, and embrace diversity, through active interactions and participation in events, forums, workshops in the School, College, and broader research community and networks of the University.
- Assume joint responsibility for career development by actively participating in various activities and producing a jointly agreed development plan.
- Be a positive advocate for research excellence, innovation and translation that supports cutting edge research and makes a positive impact on communities.

**Key Selection Criteria**

1. Demonstrated distinction at the national level and an internationally recognised track record in impact-focused, transdisciplinary research.
2. Demonstrated experience in identifying and building research projects to address complex, challenges in the world.
3. Proven ability to build research alliances and collaborations with bodies external to the university including industry, government, NGO, community, NFP, cultural and other organisations as relevant.
4. Proven ability to sustain and grow Research Groups and Centres, including through the attraction of external funding.
5. Extensive experience in attracting and supervising higher degree by research candidates to maximise research performance.
6. Demonstrated ability to lead improvement of academic standards, including implementing best practice teaching strategies and dissemination of innovative practices.
7. Evidence of demonstrated strategic leadership in a large research organisational unit or Universitywide initiative and effective membership of a management team that developed and achieved shared goals and objectives.
8. Demonstrated experience in financial, governance and quality management systems within a University.
9. Demonstrated track record of values and behaviours consistent with RMIT’s enterprise vision, goals and strategic plans see https://www.rmit.edu.au/about/our-values.

Qualifications

**Mandatory:** PhD in relevant field.

Note: Appointment to this position is subject to passing a Working with Children Check and other checks as required by the specific role. Maintaining a valid Working With Children Check is a condition of employment at RMIT.
