### SECTION 3: Further information

Contact: School of Architecture and Urban Design  
Email: [aud.he@rmit.edu.au](mailto:aud.he@rmit.edu.au)

Each selection task will be considered as part of the selection process. This selection task is made up of two parts. Applicants applying for **first year entry** must complete sections 4,5,6 only. Applicants applying for **advanced standing** must complete section 7 only.

The following information is used to help us evaluate whether you have the necessary qualities to undertake our program.

Please note that this selection task is retained as part of official RMIT records. Selection tasks will not be returned to applicants. If you wish to retain a record of your work, please make a copy for yourself.

If you are applying for first year entry, please complete sections 4,5,6 only.

### SECTION 4: Applicant statement

Please outline how you intend to use your current skills and capabilities and/or past experience/s to support your joining of the landscape architectural design community.

Your skills, capabilities and experiences may be drawn from previous study including secondary school or from life, work, volunteer experience or a combination. (maximum 250 words).

### SECTION 5: Landscape design ideas exercise

For this exercise you are required to identify a landscape site which is of interest to you and respond to it by presenting ideas and visions for its future.

This may be a landscape site which has been designed and constructed already, it may be public or private, it may be vibrant and active or it may be drab and lifeless. The site may be fully functional or undefined in terms of use. It may be fully vegetated or entirely constructed – above all you must be familiar with this place.

Your design ideas may be informed by existing conditions and/or opportunities you identify within or around the landscape site. Alternatively, you can engage with current or recurring issues facing society or the built environment as a way of expressing your ideas about design.

Take or obtain a photograph of this landscape site and print at A4 (you may choose to then mount this image on an A3 sheet).

Using black pens and or pencils, draw over this image to suggest how you might change this landscape. If you have mounted the original image on A3 you may use the margins also for drawing on. Please note that we are looking for your landscape design ideas, not your drawing skills.

Scan your image to make one PDF in either A4 or A3 size.

#### Submission instructions:

- Upload a single image. The image must be formatted as JPEG or PDF (maximum file size 5MB).

Or

- Provide a URL to your single image if hosted online. If the URL is to a private page or folder, please provide the password.

### SECTION 6: Landscape design ideas exercise questions

Using your response to the landscape design ideas exercise in section 5, please respond to the following questions:

- Who is this landscape for?
- What issue does this landscape idea address?
- How have your design ideas been informed by opportunities you identify within or around the landscape site?
- What materials will be required in this idea?
- How does your idea engage with current or recurring issues facing society or the built environment?

Maximum 100 words per question

If you are applying for advanced standing, please complete section 7 only.

### SECTION 7: Folio requirements

If you have successfully completed one of the following you must complete this section of the selection task:

- an Advanced Diploma of Building Design (Architectural);
- a Diploma of Conservation and Land Management;
- a Diploma of Drafting/Building Design; or
- at least one year of tertiary study in a design discipline (e.g architecture, interior design, industrial design, landscape architecture, graphic design, art or fashion design).

You must supply evidence of your creative thinking in the form of a folio that contains a variety of your personal work. The folio should demonstrate your creative thinking and/or your particular interests in landscape. It should evidence your conceptual, design, problem solving and technical skills and include evidence of how ideas were developed and decisions were made in relation to finished works.

Examples of work to include in your folio are drawings, maps, paintings, graphic designs, photographs, digital images, models, sculpture, video, scripting, short stories, and/or 2D and 3D Flash animation.

#### Submission instructions:

- Upload your folio as a single PDF (maximum 10 pages). The file must be no larger than 5MB.

Or

- Provide a URL to your folio if hosted online. If the URL is to a private page or folder please provide the password.

### SECTION 8: Privacy notice and applicant declaration

#### Privacy notice

RMIT University is providing you with this notice because RMIT University is seeking personal information about you in this form to fully and properly assess your application for study and administer any subsequent enrolment in accordance with its policies and procedures.

The information you provide on this form and during enrolment may be made available to the Australian Government, State Agencies and other designated authorities under the ESOS Act 2000, ESOS Regulations 2001 and the National Code.

Information about you can be disclosed without consent where authorised or required by law.

RMIT University's policies require that the information on this form be supplied. Please note that failure to do so, or to supply only part of it, may result in your application being unable to be considered. In addition, any offer of a place may be revoked and enrolment cancelled if the information supplied is incomplete, false or misleading.
