

Student Experience Survey (SES)

Purpose

To provide students with the opportunity to improve campus life by offering feedback on their overall RMIT experience. For examples of how past feedback has improved student life at RMIT, take a look at the Survey Improvements infographic on the surveys webpage.

Privacy

All survey answers are confidential. However, students are expected to observe the values of RMIT when writing their answers, as reflected in the relevant university regulations and policies. Formal actions can be taken when students behave in a manner that is considered inappropriate.

Timing

The survey is emailed in the second semester of each year to students who have completed at least one semester of study.

Government Mandate

HE

The higher education SES forms part of the Federal Government's Quality Indicators for Learning and Teaching (QILT). It is conducted by the Social Research Centre (SRC), with national results published on the QILT website.

VE

The vocational education SES forms part of the Learner Questionnaire, which was developed by the Australian Quality Training Framework (AQTF). The survey aims to gather data on the VE student experience across Australia.

Questions

The questions are focused on students' programs of study, as well as the quality of campus facilities and services. The majority of questions are multiple choice, with the answer scale ranging from 'Strongly Disagree' to 'Strongly Agree'.

Prize Draw

By completing the survey, you have the chance to go into a prize draw to win one of 12 x \$1000, 20 x \$500 and 40 x \$250 visa gift cards. The total prize pool is worth \$32,000. Winners are drawn each week during the survey period, so the earlier you complete the survey the more chances you'll have to win.
