

Expand Your Business Skills

Business Skills for Start Ups is an elective designed to provide you with business skills to successfully develop a start up business or career direction in your chosen field.

As self-employment, or portfolio employment (such as freelance or contract work) accounts for many opportunities in the business arena, this elective has been specifically designed to assist you with your career.

The focus of the course involves researching and completing a business plan based around your real or simulated business idea or career direction. The elective also includes other valuable skills such as developing your pitching and job interview techniques for your career choice.
