

AAPAE award for best post-graduate paper

In this 25th annual conference – *Ethics in a Crowded World* – the AAPAE will for the second time offer an award for the best post-graduate (PhD or Masters) paper presented.

First prize will be an award for \$500 and second prize will be an award for \$250. Both award-winners will receive certificates, and the Award will be presented at the conference dinner.

The paper will be judged on its merits in terms of originality, the quality of the argument, clarity, and research scholarship. Papers must be presented at the conference in order to be eligible.

All participants, including award-winners will be invited to submit their work to the AAPAE's conference proceedings, in its associated journal, Emerald's Research in Ethical Issues in Organizations (REIO). Please note that the journal submission process for REIO is wholly independent of this award, and winning the award does not guarantee publication in REIO.
