Singapore Business Internship Application Form Student Questionnaire

You must complete this form and submit it with the organisation's official *position description* (PD) if you wish to apply to study our **Singapore Business Internship**. This form will be sent with the PD for review to our WIL academics to ensure that your internship meets the course requirements.

Please answer the below questions with as much detail as possible:

1. How will you manage the completion of your other modules around your internship placement hours?

Please note that if you are struggling to complete assessments on time for your other modules, you are not able to use your internship as a reason for this. Our internship courses are electives and therefore, you have the option of studying alternate modules if your employer is unable to accommodate your schedule.

2. Have you received confirmation from your employer that they can offer flexibility to ensure that the minimum placement (120 or 240) hours are met while balancing your studies? What options have they offered to ensure your success in balancing both your internship and study commitments?

3. How does this internship benefit your education and future career skills? What modules will you study to complement your internship?

4. Is your internship occurring within the official semester dates? If it is beginning earlier, please provide us evidence (such as an email) from your employer that they will extend the end date to ensure you meet the placement hours within our semester dates.

Thank you for completing this form. Please send this form along with your PD to the **RMIT Connect** enquiry that you have active with the **Student Engagement Team**.
