## How will you change the world?

We all have the capacity to make a difference, but how will you find your unique way of changing the world? With all the complex challenges that we in the 21st Century face, how will you discover where and how to make your mark?

For one day, discover inspiration and debate with 1,000 peers committed to standing up as the next generation of global leaders. Engage with visionary leaders representing massive international brands, as well as unsung heroes who make change happen in their communities. Get to grips with the real issues faced by Melbourne and the global challenges faced by leaders around the world. Reflect on what's next for you in work and life with peers who share your passions (and a few who don't).

This is your chance to stand up and take ownership of the leadership that will define you, your generation and the impact you will have on the world.

As a result you will be better able to:

- Understand when to lead within or outside systems
- Resonate your passions with diverse audiences
- Articulate, own and live your leadership style and purpose.

“Thoroughly enjoyed the course. It allowed me to grow from a follower to a budding leader. I joined this course because I was always trapped or held back by fear. This course taught me to be more courageous.”
