

# ClickView Videos: Library Linking and Embedding Guide

This guide will help you enrich your courses with videos from **ClickView**. All material in Clickview is licensed content and can be used in Canvas and Google Sites, or in Lecture Capture.

Go to [rmit.edu.au/library](http://rmit.edu.au/library) > **Databases A-Z** > scroll down to **Videos** > [ClickView](#).

To use **ClickView** you need to first type in your email address before logging in to the database with your RMIT Username and Password. This will create your profile which you can see on the top right hand corner of the screen. ClickView allows you to **download** or **view** Resources, **Share**, **Embed** videos, **Create Clips** and **Playlists** as well as create **Interactive Video** Content.

**Linking to Canvas**  
You can **Link** the video into Canvas.

1. Search for a video on a topic of interest.  
2. From the results screen either,  
a. Click the **Share** button next to the video, or  
b. Click on the title of the video, then from the full record screen, Click the **Share** tab below the video.  
3. Click the **Link** button.  
4. Click the **Copy** next to the link box to copy the URL.

**Link**   **Embed**

**Link to this video**  
 **Copy**

**Link Path**

**Linking to a video in Canvas**  
Start from the Page where you want to link to the video.

**Edit** 

1. Click the **Edit** Button, and in the **Rich Content Editor** mode type the name of the video or relevant text in the required page.  
2. Select/highlight the text.  
3. Click on the '**Link to URL**' button.  
4. Paste the link in the '**Link to Website URL**' box.  
5. Click **Insert Link**.  
6. Click **Save**. The link is inserted in your Canvas course and will open in a new tab.

**Link to Website URL**   
This will make the selected text a link, or insert a new link if nothing is selected.  
Paste or type a url or wiki page in the box below:  
 **Insert Link**

## Embed

Embedding links into **Canvas** can be done through the **Embed** tab.

[Share](#) [Options ▾](#)

1. Search for a video on a topic of interest.
2. From the **Results** screen either
  - a. Click the **Share** button next to the video, or
  - b. Click on the **title** of the video, then from the full record screen, Click the **Share** tab below the video.
3. Click on the **Embed** tab, a window will appear with the embed code.
4. Select the **Video Size** from the drop down list.
5. If you want the video to start playing automatically, tick the **Autoplay** box.
6. Click on the **Copy** button.

### Embed this video

```
<iframe frameborder="0" allowfullscreen webkitallowfullscreen  
mozallowfullscreen width="640" height="360"  
src="https://online.clickview.com.au/share/embed?  
shareCode=b6b8af36&a=false"></iframe>
```

```

```
<p>&nbsp;</p>
```

```
<p><span>When researching global markets, what are 2 aspects companies should examine to determine how desirable their
```

## Email

You can share the video link via **Email**.

[Share](#) [Options ▾](#)

1. From the **Search Results** screen either,
  - a. Click the **Share** button next to the video, or
  - b. Click on the **title** of the video, then from the **Full Record** screen, Click the **Share** button below the video.
2. Click on the **Email this link** icon.

A pop-up window will appear. You may be asked to enter the email account you want to log in to

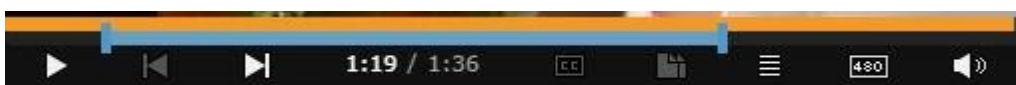

**Email this link**

send the video link.

## Creating Clips

1. Start from the **Full Record** of the video.
2. Click the **Clips** tab.
3. Click in the **Create a Clip** box.

An adjustable Blue bar will appear in the Timeline of the video.

4. Set the **Start** time by either:
  - a. Typing in the required time in the **Start at** box.
- Or
- b. Click and Drag the **Left** end of the Blue bar to the required Start time. The time in the **Start at** box will reflect the change.
5. Set the **End** time by either:
  - a. Typing in the required time in the **End at** box.

The screenshot shows a 'Create a Clip' dialog box. At the top, there are tabs for 'Info', 'Interactive videos', 'Share', and 'Clips', with 'Clips' being the active tab and highlighted with a yellow box. Below the tabs, there are fields for 'Clip Title\*' (with placeholder 'Choose a meaningful title for your clip') and 'Start at\*' (set to 0:55). To the right of these are 'End at\*' (set to 2:01) and a preview thumbnail. Under 'Clip Description', there is a text area with placeholder text: 'Please describe the content of this video in one or two sentences, try to be as clear and concise as possible'. At the bottom, there are 'Create a clip' and 'Cancel' buttons, with 'Create a clip' also highlighted with a red box.

Or

- b. Click and Drag the **Right end** of the Blue bar to the required End time. The time in the **End at** box will reflect the change.

**Tip:** You **don't** need to click on the Blue 'Set start/end time to...' buttons. The Link URL and embed code are automatically updated.

6. You need to fill out the **Clip title** and the **Clip Description** boxes with something meaningful and concise before the **Create a Clip** button is enabled.

After Creating a Clip these can then be shared via a **Link**, **Email** or **Embed**.

## Chapters

Some videos are available in Chapters. These separate the video into Chapters

which can be shared via a **Link**, **Embed** or **Email**.

1. Click on the stack icon on the video preferences bar to see the chapters.
2. Click on the chapter headings to view them separately.

- Chapter 1
- Chapter 2
- Chapter 3
- Chapter 4
- Chapter 5
- Chapter 6
- Chapter 7

## Resources

Resources, including support notes and quizzes are available for some videos.

You can:

- view a list of **Resources** available on the right hand side of the screen next to the video window.

Or

- click on the documents icon on the video preferences bar.

The list of **Resources** will then display in the video screen.

The Resources can be downloaded onto your drive, added to **Google Sites**, **Canvas** or sent via **Email**.

## Playlists

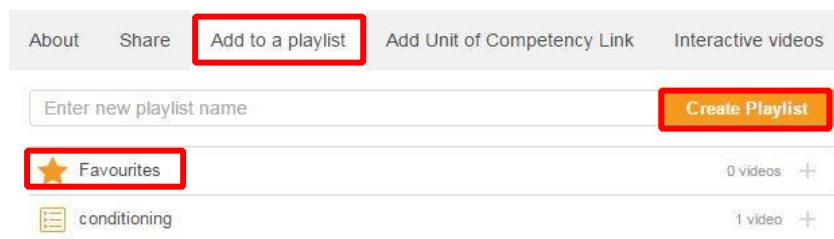

Videos can be added to a Playlist.

1. Under the full video display, click **Add to a playlist**.
2. Type in a new **playlist** name.
3. Click **Create Playlist**.

Or

Click on **Favourites** to add the video to this folder.

- View your Playlists by clicking the **Playlists tab** in the menu bar.
- Playlists can then be **linked to**, **embedded** and **shared** with people **via email**.

## Interactive Videos

You can make **ClickView** videos interactive by adding activities to the video.

- Interactive options include: Multiple choice questions, short answer questions, true or false questions, annotation, image or missing word functions.
- Embed the interactivities at specific times in the video.

To start:

1. Click the **Interactive Videos** tab under the full display of the video.

2 Click the **Create a New Interactive Video** button.

All interactive videos you create are then added to your **Workspace**.

Select a question to show at 0:00

## Linking to a video or clip in Reading Lists

You can search for a ClickView video or add a clip from a program

To add a **video** in Reading Lists:

1. In Reading Lists, click **Add Items** from the + icon.
2. Search for the **video** that you would like to link to.

The screenshot shows the ClickView search interface. At the top, there are three buttons: 'Search' (highlighted with a red box), 'Create', and 'My Collection'. Below these are sections for 'Search Library Resources' and 'Enter search criteria'. A search bar contains the placeholder 'Enter title, author, and keyword (etc.)' and a magnifying glass icon. At the bottom left is a link to 'Advanced Search'.

3. Click the relevant **course**, select the **Week** you want the video to be used in.
4. Click **Add**.

To add a **clipped video** in Reading Lists:

1. See instructions about creating clips above and getting the link for it. You must have this
2. Add the entire ClickView video to your reading list as described above.
3. Click the **ellipsis** next to title to select Edit item
4. Edit the **Title** field by adding the video section/clip
5. Add the author, type, duration, publisher, publication date and public notes to the record.
6. Replace the link in the **Source** field with the URL of the clip that was obtained.
7. Click **Save**.

The screenshot shows the 'Create citation' form. At the top are buttons for 'Search', 'Create', and 'My Collection'. Below is a section for 'Create citation' with fields for 'Title\*' (highlighted with a red box), 'Author', and 'Type\*' (set to 'Video'). The 'Source' field (highlighted with a red box) contains a URL and has a '+ Add source' button. Further down are fields for 'Duration', 'Publisher', 'Publication Date', and a file upload area ('Drag files here to upload them Or click to browse for a file'). At the bottom is a 'Public Note' section and a 'Section' dropdown (highlighted with a red box) set to 'Week 1'.

## Workspace

**ClickView** also gives you the option of uploading videos to your **Workspace**. These can then be made into Interactive Videos.

1. Click on **Workspace** in the Menu bar.
2. Click on the **Upload a Video** button.
3. Select a **video File**, add a **Title**, write a **Description** and a **Rating** for it.
4. Click **Submit**. You can now add ClickView supported Interactive material to the video.

## Download ClickView Apps

**ClickView** is accessible on mobile phones; the videos can be viewed offline without an internet connection. To download the app, go to the drop down menu at the top right hand corner of the screen and click on **Download Apps**. This will allow you to see the options that are available to

**Download ClickView Apps**

you.

Access ClickView on any device
