

EduTV Videos: Library Linking and Embedding Guide

All material on **EduTV** is licensed content and can be used in Canvas, Google Sites and Lecture capture.

Go to rmit.edu.au/library > **Databases A-Z** > scroll down to **Videos** > [EduTV](#)

To gain full access to **EduTV** you need to login with your RMIT username and password to become a user. This allows you to Add to Favourites, Create Clips and Create My Projects:

To Register

1. Click the **Register** button.
2. From the Pop-up box fill out all the required fields
- Tip:** Select RMIT University as the institution and use your RMIT email address.
3. Click **Register**.

 Welcome Guest (RMIT University)

Add to Favourites

Once you have created an account you can add programs to your Favourites list.

1. Search for a video on a topic of interest.
 2. Click on the video title to see the full display.
 3. Underneath the video window, click on the **Add to Favourites** button.
- A pop up box will appear. Type the name of a folder of your choice to add the video to.
- Note:** If the folder does not exist, a new one will be created.
4. Click **Save**.
- The program will be saved into your **'My Favourites'** section.

Linking to Canvas

You can Link the video into Google Sites or Canvas.
Start from the **Full Record** for the video, click on the **Link** button and copy the URL.

Linking to a video in Canvas

Start from the Page where you want to link to the video.

1. Click the **Edit** Button, and in the **Rich Content** Editor mode type the name of the video relevant text in the required page.
2. Select/highlight the text.
3. Click on the **'Link to URL'** button.
4. Paste the link in the **'Link to Website URL'** box.
5. Click **Insert Link**.
6. Click **Save**. The link is inserted in your Canvas course and will open in a new tab.

Link to Website URL ×

This will make the selected text a link, or insert a new link if nothing is selected.

Paste or type a url or wiki page in the box below:

Embed

You can embed into Canvas.

Start from the **full record** for the video. Click the **Embed** button and copy the embed code.

Embedding a video in Canvas

You can embed a video in Canvas.

Start from the Page where you want to embed the video.

1. Click the **Edit** Button.
2. Work out where you want to embed the video, then click the **HTML Editor** link to switch to html mode.
3. Look at the html code, then **paste** the embed code into the document.
4. Click **Save**.
5. The video is embedded in your course.

Note: it may open in a new window and prompt users to sign in.

```
<p>Air Crash Investigations: Bad Attitude&nbsp;&nbsp;&nbsp;<a  
href="https://login.ezproxy.lib.rmit.edu.au/login?  
url=http://edutv.informit.com.au/watch-screen.php?videoID=250645"  
target="_blank" rel="noopener noreferrer"></a></p>  
<p>&nbsp;&nbsp;&nbsp;</p>
```

Creating Clips

Start from the **Full record** for the video.

Create Clip

1. Click on the **Create Clip** button.
2. Create a name for your Clip project in the **Title** box.
3. Play the video and choose where you want your clip to begin by clicking on the **Begin** button. Alternatively, move the progress bar to the exact point that you want to start your clip and then click on the **Begin** button.
4. Move the progress bar to the end point of what you want to clip.

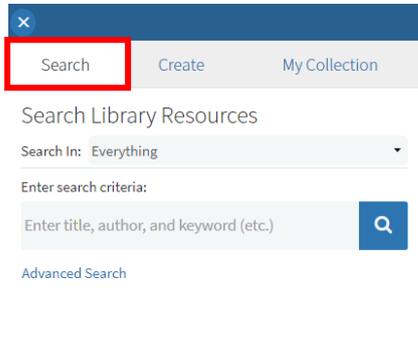

5. Click the **End** button.
 6. Write a description of what the clip is about in the description field.
 7. Name a folder that you want the clip to be located in.
 8. Click **Save**. These items are then saved in the **'My Favourites'** folder.
- After Creating Clips these can then be sent via a **Link, Email, Facebook, Twitter** or **Embed**.

Linking to a video or course in Reading Lists

You can search for a LinkedIn Learning course or create a video in Reading Lists.

To add a **video** in Reading Lists:

1. In Reading Lists, click **Add Items** from the ellipsis.
2. Search for the **video** that you would like to link to.

Search Create My Collection

Search Library Resources

Search In: Everything

Enter search criteria:

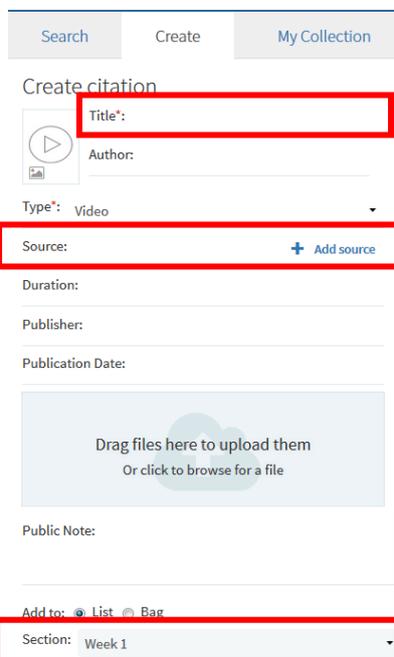

Enter title, author, and keyword (etc.)

Advanced Search

3. Click the relevant **course**, select the **Week** you want the video to be used in.
4. Click **Add**.

To add a **clipped video** in Reading Lists:

1. Create the link for the **video** section you want use using the **Search** function.
2. Create a Reading List item for the relevant video.
3. Click the **ellipsis** next to the item and the click **Edit Item**.
5. Edit the **Title** field by adding the **video section** name.
6. Add the author, type, duration, publisher, publication date and public notes to the record.
7. In the **Source** field **Paste the URL of the video section** link into the space.
8. Click **Save**.

Search Create My Collection

Create citation

Title*

Author:

Type*: Video

Source: + Add source

Duration:

Publisher:

Publication Date:

Drag files here to upload them
Or click to browse for a file

Public Note:

Add to: List Bar

Section: Week 1

Email, Facebook and Twitter

You can also share the video link via Email, Facebook and Twitter. Start from the **Full Record** for the video, click on the **Mail**, **f (Facebook)** or **Twitter** icons.

A pop-up window will appear with the link of the program.

You can then choose which software program you want to send it through or copy the link and paste it into an open email or on Facebook or Twitter.

Creating Projects

Projects can also be created. Go to the **'My Projects'** section at the top of the screen.

1. Click on the **Create Project** button.
2. Give your project a name.
3. Select a file type and a folder name.
4. You can add Videos or Clips, Documents or Resources to the Project using the **Project Tools** button.

Projects can be shared using the **Link**, **Email**, **Facebook**, **Twitter** or **Embed** buttons.

Note: File types are required to be a specific format, e.g. pdf, docx, etc.

'Resources' are Study Guides that EduTV provides for some video content.
