

# Kanopy Videos: Library Linking and Embedding Guide

This guide will help you enrich your courses with videos from **Kanopy**. All material in Kanopy is licensed content and can be used in Canvas, Google Sites, or Lecture Capture.

Go to [rmit.edu.au/library](http://rmit.edu.au/library) > **Databases A-Z** > scroll down to Videos > [Kanopy](#)

To gain full access to **Kanopy** you need to login with your RMIT username and password and then **Sign Up** to become a user. This allows you to Add to your Watchlist, Create Clips and Create Playlists:

## To sign up:

**LOG IN**    **SIGN UP**

1. Click on the **Sign Up** button.
2. Fill in your details, or use your Facebook or Google account details to sign up.
3. Click the **Sign Up** button. You will then receive a verification email.
4. Click the **Verify My Email** button in the email sent to you.

**Tip:** Once you have signed up you can **log in**.

## Add to My List

Once you have created an account you can add programs to your **My Watchlist**.

1. Search for a video, then click on the video title to see the full record.
2. Underneath the video window, click on the **+ My List** button.

This will then add the program into your **My Watchlist** section.

**+ My List**

## Linking to Canvas

You can Link the video into Canvas.

**Share**

1. Click on the **Share** button.
2. Copy the URL in the **Share Link Box**.

Share link

<https://rmit.kanopy.com/video/masters-mindfulness-transforming-your-mind-a>

## Linking to a video in Canvas

Start from the Page where you want to link to the video.

**Publish**    **Edit**    **Settings**

1. Click the **Edit** Button, and in the **Rich Content Editor** mode type the name of the video or relevant text in the required page.
2. Select/highlight the text.
3. Click on the **'Link to URL'** button.
4. Paste the link in the **'Link to Website URL'** box.
5. Click **Insert Link**.
6. Click **Save**. The link is inserted in your Canvas course and will open in a new tab.

Link to Website URL

**Cancel**

**Save & publish**

**Save**

*This will make the selected text a link, or insert a new link if nothing is selected.*

Paste or type a url or wiki page in the box below:

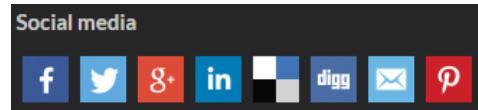

<https://login.ezproxy.lib.rmit.edu.a>

**Insert Link**

## Email, Facebook, Twitter and other social media

You can also share the video link via Email, Facebook, Twitter and other social media.

1. Click **Share**.
2. Click on the **Mail**, **f** (Facebook) or **Twitter** icon.
3. A pop up window will open, linking you to the social media platform.
4. **Login**, then post or tweet the link.

## Embed

You can embed videos into Canvas.

1. Click on the **Share** button.
2. Click on the **Embed** heading.
3. Click on the **Options** heading.
4. Click on the **drop arrow** next to **Player Size**.
5. Click on the selected size from the **Drop Down menu**.
6. **Highlight>Select** the code in the **Embed** this video box.
7. **Ctrl + C** to copy the code.

You can embed a video in Canvas. This process also works for Playlists.

Start from the Page where you want to embed the video.

1. Click the **Edit** Button.
2. Work out where you want to embed the video, then click the **HTML Editor** link to switch to html mode.
3. Look at the html code, then **paste** the embed code into the document.

```
<p>&nbsp;</p>
<p><iframe src="https://rmit.kanopystreaming.com/embed/122265" width="640" height="390"
allowfullscreen="allowfullscreen" webkitallowfullscreen="webkitallowfullscreen"
mozallowfullscreen="mozallowfullscreen"></iframe></p>
<p>watch the videos from the playlist <br /><iframe
```

4. Click **Save**. The video is embedded in your course and will play within the frame.

## Creating Clips/Playlists

To create a clip, you need to add the video to a **Playlist**.

[Create Clip/Playlist](#)

1. From the full video display, click **Create Clip / Playlist**.
2. Type the name of your **Playlist** in the **Create New Playlist** box and click **Create**, or find the **Existing Playlist** and click **Add Video**. The new playlist is added to your list of Existing Playlists.
3. Next to the required Playlist, click **Edit Playlist**.
4. The 'clips' in the playlist are listed. Click the **Edit** button next to the clip you want to edit.
5. Change the **Clip Title**, if you prefer, and add a description (optional).
6. Set the **Start** time by either:
  - a. Typing in the required time in the **Start Time** box.

Or

- b. Play the video and move the progress bar in the video to the time you want to start your clip and then click on the **Capture** button under the **Start Time** heading.

**Create new playlist:**

Playlist title...

[Create](#)

Start Time:	00:05:56	Capture
		Stop Time:
Stop Time:	00:10:52	Capture

7. Set the **Stop** time by either:

- a. Typing in the required time in the **Stop Time** box.

Or

- b. Play the video and move the progress bar in the video to the time you want to end your clip and then click on the **Capture** button under the **Stop Time** heading.

8. Click **Save Clip**.

[Save Clip](#)

## Sharing/Embed Playlists

**My playlists** can also be found under the user profile button.

**Note:** The **Playlist** is shared or embedded rather than the individual **clip** that forms a part of the Playlist.

To **Share** a playlist:

1. Click on the **Home/Profile** button.
2. From the drop down menu, select **My Dashboard**.
3. Click the **Share/Embed** button next to the desired **Playlist**.

The same sharing and embed options as listed previously are available.

## Linking to a video or course in Reading Lists

You can search for a LinkedIn Learning course or create a video in Reading Lists.

To add a **video** in Reading Lists:

1. In Reading Lists, click **Add Items** from the ellipsis.
2. Search for the **video** that you would like to link to.

The screenshot shows the LinkedIn Learning search interface. At the top, there are three buttons: 'Search' (highlighted with a red box), 'Create', and 'My Collection'. Below these are sections for 'Search Library Resources' and 'Enter search criteria'. A search bar contains the placeholder 'Enter title, author, and keyword (etc.)' and a magnifying glass icon. At the bottom left is a link to 'Advanced Search'.

3. Click the relevant **course**, select the **Week** you want the video to be used in.
4. Click **Add**.

To add a **clipped video** in Reading Lists:

1. Create the link for the **video** section you want use using the **Search** function.
2. Create a Reading List item for the relevant video.
3. Click the **ellipsis** next to the item and the click **Edit Item**.
5. Edit the **Title** field by adding the **video section** name.
6. Add the author, type, duration, publisher, publication date and public notes to the record.
7. In the **Source** field **Paste the URL of the video section** link into the space.
8. Click **Save**.

The screenshot shows the 'Create citation' form for a video. It includes fields for 'Title\*' (highlighted with a red box), 'Author', 'Type\*' (set to 'Video'), 'Source' (highlighted with a red box), 'Duration', 'Publisher', 'Publication Date', 'Public Note', and 'Add to' options ('List' and 'Bag'). A file upload area with a placeholder 'Drag files here to upload them Or click to browse for a file' is also shown. The 'Section' dropdown at the bottom is set to 'Week 1' (highlighted with a red box).
