RMIT ATAR GUIDE

RMIT UNIVERSITY

If you are a current Year 12 student, change of preference can be a safety net to ensure that you have made realistic decisions based on your results. You may also want to change your preferences if you have changed your mind about which course you most want to study.

The following data shows the Clearly-in ATAR above which all course applicants were offered a place at RMIT in 2016. The Clearly-in ATAR is the point at or above which all ranked (eligible) applicants who applied for a particular course were made an offer for that course.
