Foreword

The 2027 Approved Schedule of Fees and Charges outlines all fees and charges that may be levied by RMIT University for enrolment or other engagement in the 2027 calendar year. RMIT University, including select controlled entities of RMIT University such as RMIT University Pathways (UP), will henceforth be referred to collectively as 'RMIT', unless otherwise specified.

The 2027 Approved Schedule of Fees and Charges is endorsed by the University Executive Committee, approved by the Vice-Chancellor, and published under the authority of the Vice-Chancellor accordingly. Fees in this schedule and its appendices are subject to alteration to implement government changes or following formal approval(s) as required by RMIT's Fee Setting procedure.

Approved changes will be recorded in the relevant fee schedule and published at **rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees/approved-schedule-of-fees-and-charges**

Only fees or charges that have been approved in accordance with the Annual Fee Setting Procedure can be charged to students or persons. All student fees must be charged through RMIT's Student Administration Management System (SAMS) unless otherwise approved by Student Financials Governance, Enrolment and Student Records.

In broad terms, there are four categories of fees charged by RMIT:

Tuition fees for higher education, vocational education, preparatory and any other non-Australian Qualification Framework (AQF) enrolments. The tuition fees charged depend on a student's citizenship, program, and the type of funding place they have been offered.

Student services and amenities fees (SSAF) for services and amenities of a non-academic nature that enhance the student experience. These include sporting and recreational activities, employment and career advice, childcare, financial advice and food services.

Materials fees and charges associated with programs and courses offered by RMIT. These incidental fees include the costs of field trips, as well as goods that then become the physical property of students.

Administrative fees and charges. These incidental fees include fees for administrative services, graduation ceremony attendance, fines and penalties.

The following sections detail the fees and conditions that may apply to fees charged to students or persons, for enrolment or other engagement with RMIT during 2027.

1. Application of the 2027 Approved Schedule of Fees and Charges

All persons enrolled with RMIT Australia, or in programs delivered by RMIT Australia, for studies in the 2027 calendar year, or who otherwise engage with RMIT in 2027 (e.g. graduation, car parking, application for admission) are subject to the fees and charges detailed in this document, with the exception of RMIT UP English language programs.

Course fees for RMIT UP English language programs can be found at Academic English: **rmit.edu.au/study-with-us/levels-of-study/pre-university-study/english-language/academic-english** and General English: **rmit.edu.au/study-with-us/levels-of-study/pre-university-study/english-language/general-english** Enrolment and refund policies for RMIT UP English language programs can be found at **rmit.edu.au/up/about/policies-and-procedures.**

All students who undertake their studies at RMIT in the 2027 calendar year are required to enrol. Completion of the enrolment process as outlined in the Enrolment Policy is a declaration binding a student to the rules and obligations of this schedule, including amendments approved by the Vice-Chancellor or approved delegate.

1.1. Creation of financial liability

A student or person is liable for the financial obligation that results from action pursuant to this schedule.

Financial liability for all tuition and SSAF fees is created at the point of enrolment. Students become liable for material and administrative fees (excluding fines and penalties) upon signed agreement and/or upon receipt of the corresponding goods or service.

1.2. Cessation of financial liability

Financial liability only ceases upon payment or withdrawal from a course or program by the relevant deadline.

If a student has enrolled and wishes to cancel their enrolment, it is their responsibility to withdraw before the relevant census date. If they fail to do so, their financial obligation remains, and they will remain liable for all fees (such as tuition, SSAF and administrative fees), even where they are no longer attending classes.

If a student has deferred payment of their fees using a Commonwealth Government loan scheme, e.g. HECS-HELP, FEE-HELP, SA-HELP or a VET Student Loan, they will be liable for that loan if they withdraw from their program after the relevant census date.

The only mechanisms to withdraw from a course are:

- dropping individual courses via Enrolment Online,
- an approved Leave of absence submitted via Enrolment Online, or
- a verified request in writing to RMIT.

The only mechanism to withdraw from a program is by cancelling program enrolment via Enrolment Online.

Note: a student cannot cancel their program enrolment via Enrolment Online if they are:

- an Open Universities Australia (OUA) student
- an international onshore student under the age of 18

To cancel their program enrolment:

- an Open Universities Australia (OUA) student must contact OUA to withdraw from program
- an international onshore student under the age of 18 must contact Student Connect to begin communication with the Manager, Student Support.

1.3. Governing legislation

The 2027 Approved Schedule of Fees and Charges has been prepared based on the current Australian and Victorian legislation that govern RMIT operations.

RMIT reserves the right to amend the fees, charges, and guidelines detailed in this document in-line with any changes to legislation implemented after the publication of this document. Should any inconsistencies arise between this document and the legislation, the legislation will prevail.

1.4. Financial liability

- Students incur financial liability when they enrol in a program or course and remain enrolled after the applicable census date, except in circumstances that satisfy the criteria for Remission or Removal of Debt in Special Circumstances, and where the student submits a valid application within the application period that is subsequently approved.
- A student who formally withdraws from a course or cancels their program enrolment on or before the applicable census date will not be financially liable for their tuition fees or student contribution amount.
- A student who does not formally withdraw from a course or cancel their program enrolment before the applicable census date will retain financial liability, even if they do not attend, or cease to attend classes.
- Where an international student due to commence study in Australia is administratively withdrawn from the University due to non-commencement on the agreed commencement date, the commencing international refund rules apply.
- Failure to formally withdraw or cancel enrolment before the deadline will result in fee liability remaining and the appropriate cancellation of enrolment and/or debt recovery actions will be enforced.
- No changes to enrolment will be made after the census date unless there is evidence of a university error.
- Cancellation of program enrolment by the census date does not exempt commencing international students from financial penalties such as administration fees and withdrawal penalties specified in the refund rules.
- Students will remain liable for any outstanding administrative fees and materials fees, following course withdrawal and/or program cancellation.

2. Tuition fees

2.1 Annual fees

Students will be charged a fee for each course (subject) they enrol in. This is based on a student's program code and enrolment term. Higher education, Foundation Studies and RMIT UP Fast Track students will be charged a fee per credit point. Preparatory and vocational education students will be charged a fee per nominal hour.

The Associate Degree in Aviation (Professional Pilots) or the Bachelor of Aviation (Pilot Training) may also have additional course list fees based upon the course(s) in which they are enrolled.

Program and course tuition fees for students who commence their program in 2027 are held constant for the 2027 calendar year only.

RMIT reserves the right to annually adjust program tuition fees. Changes to program tuition fees will be applied at the beginning of each calendar year. In 2027, and future years, the annual tuition price increase is capped at 7.5%.

This cap applies to:

- Domestic and international onshore full fee higher education students
- International onshore full fee vocational education and preparatory students (including Foundation studies and RMIT UP Fast Track students)
- International offshore students who are enrolled with, and pay fees to, RMIT Australia

For higher education fees, tuition fees may be rounded up to the nearest $10.00 per credit point increment. This means the actual fee increase may exceed 7.5%.

Similarly, for international onshore vocational education and preparatory students, the program annual fees may be rounded up to the nearest $250.00, in which case the actual fee increase may exceed 7.5%.

Domestic vocational education fees are not subject to an annual cap and fee increases may exceed 7.5%.

The terms and conditions detailed in this document relate to 2027 commencing students, as well as re-enrolling students, and are subject to annual review. Students who commence their program in subsequent years will be subject to the terms and conditions prevailing at that time.

Any changes to terms and conditions will be communicated prior to their effective commencement date.

2.2 Cohort pricing

Where the tuition fees for a given higher education program exceed the annual price increase cap, a student who is currently enrolled will be entitled to complete their program at their current fee rate (subject to annual indexation). Newly commencing students will be charged at the new fee rate. Any change of program is treated as a new commencement, unless grandfathering arrangements are required under the *Higher Education Support Act 2003*.

This means that the domestic and international average annual 2027 tuition fees listed in the Appendices may, therefore, include two or more price streams for a single program. Where this occurs, the ‘program description’ field will indicate the cohort by calendar year that corresponds to the annual fee price listed. A student is allocated to a cohort based on the semester and year they commenced their program.

2.3 International students on a non-student visa

Commencing international students studying in Australia on a non-student visa will be charged the same fee rate for their program as student visa holders (Appendix 3). Continuing international students studying in Australia on a non-student visa who commenced their program prior to 2022

were charged the domestic full fee rate and will continue to be charged this rate until completion of that program and/or their visa status changes.

2.4 Standard or average load

Annual tuition fees listed are based upon a standard load (total program load ÷ standard program duration) and normal progression, with pro-rata fees applying to non-standard loads.

Higher education tuition fees are charged at a rate per credit point. The standard measure of a full-time student load is 96 credit points per year for higher education programs. Some programs, such as double degrees or accelerated modes may require the student to enrol in more than 96 credit points in which case fees will be charged accordingly.

Please note, the above definition is applied to RMIT Australia. Students are enrolled at RMIT Vietnam in a full-time student load of 108 credit points per year for higher education programs.

Vocational education programs do not conform to a standard load per year, and the annual fees listed for these programs are based on a calculation of total program fees (at current year prices) divided by the total scheduled hours in a program. A full-time study load is calculated by the nominal total hours for the program divided by the full-time duration of the program.

Due to their variable program structure, some vocational education programs may have different fees that depend on a student's chosen stream or specialisation.

To illustrate, a program requiring 1,500 nominal hours over two (2) years may require students to undertake 700 nominal hours in the first year and the balance of 800 nominal hours in the second year.

Assuming full-time enrolment, the student will be charged for 700 nominal hours in the first year at the rate per nominal hour for that year, and for 800 nominal hours in the second year at the new calendar year rate.

Vocational education fees may be more than the total program tuition fee (including annual indexation) if a student chooses non-standard electives or if a student enrols in subjects additional to the standard program load.

2.5 Higher education – Commonwealth supported places

A Commonwealth Supported Place (CSP) is an arrangement where the tuition fee is jointly paid by the student and the Commonwealth Government. The student's share of the fee (student contribution) is set by the government and determined by the discipline areas (bands) of their individual enrolled courses (subjects), not the overall program.

A student is a CSP student only if they have received confirmation from RMIT that they have been offered a CSP and the student accepts that place and their eligibility has been verified prior to the census date.

CSP students are subject to the Student Learning Entitlement which limits most students to seven years of full-time study in a CSP place.

Some CSP students may be eligible for a HELP loan which will allow them to defer payment of up to 100% of their student contribution (see section 2.6) unless they exceed their HELP loan limit.

Under the *Higher Education Support Act 2003*, it is a condition of enrolment in a CSP that students submit a Commonwealth Assistance Form for their program, and pay their student

contribution amount or, if eligible, successfully apply for a HECS-HELP loan and provide their verified USI and verified Tax File Number by the applicable due date.

If a CSP student has not paid their student contribution amount or does not have an approved HECS-HELP loan by the fee due date, debtor restrictions will be applied.

The census date is the final deadline for making all upfront payments as required by the Higher Education Support Act. There is no extension available to this deadline.

If by the census date a student's contribution amount is not paid in full, or they do not have an approved HECS-HELP loan, their enrolment must be cancelled in accordance with the Higher Education Support Act. There is no appeal mechanism available.

If a student can evidence payment was made on or before the census date, but it did not clear their student financial account, they should contact Student Connect as soon as possible to provide evidence of payment and initiate a trace on their payment.

Students cancelled from a CSP for failing to meet the requirements of the Higher Education Support Act will be allowed to enrol in their program in the next available study period.

Students in a CSP who are repeatedly cancelled for failing to meet the requirements of the Higher Education Support Act may be prevented from re-enrolment and directed to reapply for a place in their program.

Students who enrol in courses additional to the minimum requirements to complete their CSP, or in courses they have already successfully completed, are not entitled to access Commonwealth funding for those courses and may be directed to amend their enrolment accordingly or be charged at the domestic full-fee rate.

2.5.1 Calculating the student contribution

CSP students are charged a student contribution amount per course based on the HECS band that the course falls within. Additionally, the Effective Full-Time Student Load (EFTSL) weight of the course as a proportion of a full-time study load is considered. The weight of courses is measured as a proportion of a full-time student load (1 EFTSL) and can also be measured in credit points.

A standard annual full-time load for higher education students at RMIT is equivalent to 96 credit points. Some programs, such as double degrees, may require the student to enrol in more than 96 credit points and fees will be charged accordingly.

It is important to note that the HECS band that a course falls into is determined by the individual 'unit of study', not the program or degree. That is, if a student enrols in a nursing course and an accounting course as part of a Bachelor of Nursing program, the nursing course will be charged at the appropriate HECS band for a nursing unit of study and the accounting course will be charged at the appropriate HECS band for an accounting unit of study.

If the student contribution amount for a course is an amount made up of dollars and cents, it will be rounded down to the nearest dollar (e.g. $4,908 x 0.125 EFTSL = $613.50, which will be rounded to $613).

2.5.2 2027 CSP fees for commencing students

Table A:

Student Contribution band by course (unit)	Maximum annual student contribution amount (per EFTSL) in 2027 – commencing students
A. Education, Postgraduate Clinical Psychology, English, Mathematics, Statistics, Nursing, Indigenous and Foreign Languages, Agriculture	$4,908 per standard year $613 per standard (12 credit point) course
B. Allied Health, Other Health, Built Environment, Computing, Visual and Performing Arts, Professional Pathway Psychology, Professional Pathway Social Work, Engineering, Surveying, Environmental Studies, Science, Pathology	$9,880 per standard year $1,235 per standard (12 credit point) course
C. Dentistry, Medicine, Veterinary Science	$14,046 per standard year $1,755 per standard (12 credit point) course
D. Law, Accounting, Administration, Economics, Commerce, Communications, Society and Culture	$18,025 per standard year $2,253 per standard (12 credit point) course

Note: Fees are calculated for individual courses based on the Student Contribution band in which the course is categorised by the Australian Government, as above. The cost of a program may therefore vary if a student enrols in courses that are categorised in different bands.

Further information about Student Contribution bands is available at: 2027 Allocation of units of study to funding clusters regarding the calculation of student contribution amounts is provided at **rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees.**

Professional Pathway Psychology and Professional Pathway Social Work program fees
Commencing students in these programs will be charged student contribution fees based on their program type for the units (courses) that meet the Australian Government's Professional Pathway Psychology or Professional Pathway Social Work requirements.

RMIT program code	Program name	Program type
BH000	Bachelor of Psychology (Honours)	Professional Pathway Psychology
BP112	Bachelor of Social Science (Psychology)	Professional Pathway Psychology
BP154	Bachelor of Psychology	Professional Pathway Psychology
BP295	Bachelor of Criminology and Psychology	Professional Pathway Psychology
BH105	Bachelor of Social Work (Honours)	Professional Pathway Social Work
BP322	Bachelor of Youth Work and Youth Studies	Professional Pathway Social Work
MC150	Master of Social Work	Professional Pathway Social Work
BH106	Bachelor of Social Work (Honours)/Bachelor of Social Science (Psychology)	Professional Pathway Psychology and Professional Pathway Social Work

Please refer to Table A (B.) above, for applicable Student Contribution fees for Professional Pathway Psychology and Professional Pathway Social Work.

Postgraduate Clinical Psychology

Continuing and commencing students in MC002 Master of Clinical Psychology will be charged CSP fees at the Postgraduate Clinical Psychology rate for units (courses) that meet the government's requirements for this program type, please refer to Table A (A.) above for applicable Student Contribution fees for Postgraduate Clinical Psychology.

2.5.3 2027 CSP fees for continuing students

Grandfathering arrangements will be in place for continuing students who commenced prior to 2021 who would see an increase in their student contribution amounts under the government's Job Ready Graduate program.

Under these arrangements, students who commenced their course of study before 1 January 2021, and whose student contribution amounts increased for a unit, will instead have their student contribution amount remain as it was under 2020 arrangements (with fees indexed by CPI each year).

If continuing students are enrolled in units that saw their student contribution amount lowered under the Job Ready Graduates program, their student contribution will be the lowered amount.

HECS band by course (unit)	Maximum annual student contribution amount (per EFTSL) in 2027 – continuing students
Education, Postgraduate Clinical Psychology, English, Mathematics, Statistics, Nursing, Indigenous and Foreign Languages, Agriculture	$4,908 per standard year $613 per standard (12 credit point) course
Communications, Society and Culture, Visual and Performing Arts, Professional Pathway Psychology, Professional Pathway Social Work	$8,457 per standard year $1,057 per standard (12 credit point) course
Allied Health, Other Health, Built Environment, Computing, Engineering, Surveying, Environmental Studies, Science, Pathology	$9,880 per standard year $1,235 per standard (12 credit point) course
Medicine, Dentistry, Veterinary Science	$14,046 per standard year $1,755 per standard (12 credit point) course
Law, Accounting, Administration, Economics, Commerce	$14,114 per standard year $1,764 per standard (12 credit point) course

2.5.4 Program places that do not qualify for Commonwealth support

A student cannot be enrolled in a Commonwealth supported place under the following circumstances:

- The course contributes to a program that is being undertaken primarily at an overseas campus.
- The enrolment is an employer-reserved place
- The course forms part of a bridging course (program) for overseas-trained professionals, or
- The course forms part of a program the Minister has specified, by way of legislative instrument, that students cannot be enrolled in as Commonwealth supported students

2.5.5 Courses that do not qualify for Commonwealth support

CSP students must enrol in courses within their program structure, not exceeding the minimum requirements to complete their award. Students who exceed minimum program requirements, or enrol in courses outside their program structure, are not entitled to access Commonwealth funding for those courses.

Students who study additional courses that do not directly contribute towards their award, or after they have already met the requirements of their award, must do so under non-award study or RMIT single course enrolment at the full-fee rate.

Where a student has passed a course which contributes to the academic requirements of a program, they are not entitled to re-enrol in that same or equivalent course and be Commonwealth supported.

2.5.6 Student Learning Entitlement

The Student Learning Entitlement (SLE) is the amount of study a student can undertake in a Commonwealth Supported Place (CSP) in their lifetime. The SLE allows most students to undertake 7 years (7 EFTSL) of full-time subsidised study in a CSP. Any course undertaken in a CSP that has a census date after 1 January 2022 will reduce a students' SLE balance by the EFTSL value of that course*.

Once a student has used their available SLE, they will be transferred to a full fee-paying place for the remainder of their study. Additional and Lifelong SLE can be allocated in EFTSL under certain circumstances, as determined by the Commonwealth Government. A student's SLE amount may be re-credited where their HELP debt is remitted due to special circumstances.

*A unit of study undertaken as part of a FEE-FREE Uni Ready course does not reduce the person's SLE amount.

2.5.7 Open Universities Australia (OUA) courses

RMIT offers a select number of courses and programs through OUA. OUA courses studied at RMIT may lead to either a RMIT or partner university qualification, and the RMIT award is identical to those awarded to non-OUA students at RMIT.

Tuition fees are charged directly by OUA, except for continuing CSP students. As of January 2021, RMIT no longer offers Commonwealth supported places to commencing undergraduate students applying to study via OUA. It is anticipated that currently enrolled RMIT OUA CSP students will complete their studies in 2027.

2.6 Commonwealth Assistance loans

2.6.1 Higher Education Loan Program (HELP)

A HELP loan can assist eligible students to pay their student contribution amount, tuition fees, the student services and amenities fee, or to meet overseas travel expenses. HELP is administered under the *Higher Education Support Act 2003*.

The Study Assist website **studyassist.gov.au** contains a link to the **myHELPbalance portal**, which is designed to help students keep track of how much Commonwealth assistance they have used, and the balance they have left to borrow.

The government may make changes to the legislation for HELP at any time. Should any inconsistencies arise between this document and the Study Assist website or relevant legislation, the information contained on the Study Assist website or in relevant legislation will prevail.

Information about available HELP loans and student eligibility is available on the Study Assist website - **studyassist.gov.au**

2.6.2 VET Student Loans – vocational education students

Many RMIT vocational education programs are eligible for a capped loan under the Australian Government's VET Student Loans (VETSL) scheme.

Eligible students can access a VET Student Loan by applying before the census date to meet all, or some, of the costs of tuition incurred by:

- eligible full fee vocational education students who enrol in a VETSL approved diploma, advanced diploma, vocational graduate certificate or vocational graduate diploma program
- eligible vocational education students in a Victorian Government subsidised place who enrol in a VETSL approved diploma or advanced diploma program

VET Student Loan eligibility and program loan caps are detailed on the program pages of the Vocational study - RMIT University webpage - search by program code.

Full fee students accessing a VET Student Loan will incur a 20% loan fee. The loan fee does not count towards the students VETSL loan cap or their combined HELP loan limit (see section 2.6.4).

For more information, please visit **rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees/commonwealth-assistance-help-loans/how-do-vet-student-loans-work**

2.6.3 Completing VETSL Progression Forms

Students accessing a VET Student Loan will be required to complete a government-issued VET Student Loan Progression Form at key points each year throughout their study.

Failure to complete two consecutive Progression Forms will result in the government deeming the student is non-genuine and therefore ineligible for a VET Student Loan and will result in the cancellation of the student's program enrolment.

2.6.4 Commonwealth loan limits - combined HELP loan limit

Eligible students can borrow up to the combined HELP loan limit to pay their tuition fees or student contribution amount. This combined limit applies to HELP loans and VET Student Loans.

For 2027, the HELP loan limit is $196,259 for most students. The limit for students studying higher education programs in medicine, dentistry, veterinary science, and approved aviation programs will be $134,558.

All students are responsible for keeping track of their available HELP loan balance, and where a student reaches their HELP loan limit, they must pay their fees directly to RMIT by the due date.

2.6.5 Renewable HELP balance

Students can top up their HELP balance by making repayments on their HELP debt. Voluntary repayments to the Australian Taxation Office (ATO) will top up a student's HELP balance once processed by the ATO.

Any compulsory or voluntary repayments can be re-borrowed in the future, up to the current HELP loan limit. VET Student Loan program loan caps are still applicable and cannot be 'topped up' via repayments.

2.6.6 VET Student Loan caps

For some eligible programs, the VET Student Loan program loan cap does not cover the full amount of the tuition fee.

Any amount a student borrows under a VET Student Loan for their program (including study undertaken in the same program with a different provider) will contribute towards their VET Student Loan program loan cap, as well as their combined HELP loan limit (see section 2.6.3).

VETSL program loan caps are set annually by the Commonwealth Government. Once a student has reached the loan cap for their program, they can no longer defer payment of tuition fees for that program to their VET Student Loan and students are required to pay the remaining tuition fees to RMIT by the due date.

2.6.7 Provision of a Tax File Number (TFN)

If a student is applying for any kind of HELP loan or VET Student Loan for study at RMIT they will need to submit a successfully validated TFN on their electronic Commonwealth Assistance Form (eCAF) for their loan to be approved.

If a student has not yet been issued a TFN, but has applied for one with the Australian Taxation Office (ATO), they may submit their *Certificate of application for a TFN* with their eCAF and must then submit their validated TFN on their eCAF within 21 days.

If their TFN is not submitted and successfully validated with the ATO on or before the census date, their loan will not be approved, and the student will need to pay their student contribution or tuition fees in full on or before the due date.

For more information, please visit **ato.gov.au**.

2.6.8 Eligibility for HELP loans and VET Student Loans

Eligibility requirements for HELP loans and VET Student Loans may vary throughout the year upon government advice and legislative change and are published on The Study Assist website **studyassist.gov.au**

2.6.9 Ineligibility for HELP loans and VET Student Loans

Students who are not eligible for HELP or VETSL must pay their student contribution amount or tuition fees in full to RMIT by the due date for each course.

If a CSP student who is not eligible for HECS-HELP fails to pay their student contribution amount in full by the census date, RMIT is required to cancel the student's enrolment, as per the *Higher Education Support Act 2003*

The student's enrolment is cancelled for the applicable semester and the student may re-enrol in the next available study period.

If a student makes a partial payment of their student contribution amount or has enrolments in other semesters with a different census date, only courses that have not been paid in full will be dropped from their enrolment for the relevant census date.

RMIT does not have any discretion with this matter and cannot accept a student contribution payment after the census date.

If a student in a full fee place who is not eligible for FEE-HELP or a VET Student Loan does not pay their tuition fees by the due date, they will be considered a university debtor (see section 8).

If a student accessing a VET Student Loan fails to meet the ongoing requirement of submitting their government issued VETSL Progression forms, they will be considered non-genuine and ineligible for a VET Student Loan. Failure to submit two consecutive Progression forms will result in cancellation of their program enrolment.

2.7 Higher education – domestic and international onshore full fee-paying places

2.7.1 Program fees and charges

RMIT offers a number of undergraduate, postgraduate and research places to students who are not Commonwealth supported. The tuition fees for these programs are set on an annual basis and may be subject to change each calendar year.

Under the *Higher Education Support Act 2003*, domestic full fee students in a unit of study (course) must be charged an amount equal to, or more than, CSP students are charged for that unit. The only exception is where a student is enrolled in an employer reserved place.

The fees for all RMIT domestic full fee programs have been set equal to or above the respective maximum student contribution amount. Appendix 1 provides a list of the average annual 2027 tuition fees for all domestic undergraduate and postgraduate full fee programs (see Appendix 4 for tuition fees that apply to domestic undergraduate and postgraduate students enrolled in programs delivered fully online).

2.7.2 International onshore student fees

The Commonwealth does not contribute to educational costs for international students unless the students are in receipt of a Research Training Program International Tuition Fee Scholarship.

Furthermore, Commonwealth grant amounts provided to universities for the education of domestic students are not provided to subsidise places or services for international students.

The fees charged to international students must be greater than or equal to a minimum indicative fee specified by the Commonwealth Government.

Asylum Seekers studying an undergraduate program may be eligible to apply for an RMIT Welcome Scholarship. Further information about the scholarship and eligibility criteria is available at: **rmit.edu.au/scholarships/coursework/rmit-welcome**

All RMIT fees have been set above these minimum requirements. Appendix 3 of this document lists the 2027 average annual tuition fees for international onshore students.

2.7.2.1 International onshore applicant deposits

International applicants are charged a deposit to secure their place. The deposit amount is established by Global Student Recruitment at the time of offer and is subject to change. Payment of the deposit is received in advance of being enrolled and acts as a credit against a student's initial tuition charges.

Conditions for refund of the deposit are outlined in section 11 and detailed on the **Refunds for Commencing or newly enrolled international students webpage.**

2.7.3 Online programs

RMIT offers several fully online programs. See Appendix 4 for the list of 2027 undergraduate and postgraduate tuition fees for online programs. **online.rmit.edu.au/**

2.7.4 Calculating higher education tuition fees for a program or course

The information in this section does not apply to the Associate Degree in Aviation (Professional Pilots) and Bachelor of Aviation (Pilot Training) programs. See section 2.7.5.

A higher education student's annual tuition fees are based on the number of credit points they are enrolled in for their program and the fee per credit point for that program in the current year.

Example: In 2027, a domestic student is enrolled in an undergraduate degree, which has a standard full-time load of 96 credit points and a fee of $400.00 per credit point.

To calculate the annual tuition fee for this program, the student needs to multiply the number of credit points they are taking by the fee per credit point as follows:

Credit points		2027 fee per credit point		2027 annual tuition fee
96	x	$400.00	=	$38,400.00

2.7.5 Aviation program course fees

Students undertaking the Associate Degree in Aviation (Professional Pilots) or Bachelor of Aviation (Pilot Training) programs will be charged a specific fee for each course, with practical flying-oriented courses attracting higher fees.

For more information, see Appendix 5.

2.8 International students outside Australia

RMIT Australia does not set fees for most international students enrolled at a partner institute outside Australia – these are established by the relevant partner institute.

International vocational education, undergraduate and postgraduate by coursework students who are enrolled at a RMIT Australia campus, and studying while located outside Australia will be charged a fee equivalent to the RMIT Australia domestic full fee rate for their program. This includes New Zealand citizens studying outside Australia.

An RMIT Australia student participating in an inter-location exchange (at a partner outside Australia) will continue to be enrolled as an RMIT Australia student, paying any tuition fees or student contribution amounts as they would if their study were undertaken in Australia.
RMIT Australia PhD and Masters by Research fees for international candidates studying with RMIT while located outside Australia are available in Appendix 6 of this document.

Appendix 4 lists fees for international students studying outside Australia enrolled in fully online programs.

2.9 Enrolment at RMIT Vietnam

Australian and New Zealand citizens who apply directly to RMIT Vietnam and enrol with RMIT Vietnam are subject to the fees and charges detailed at **rmit.edu.vn/study-at-rmit/tuition-fees** and are not eligible to access Commonwealth assistance.

An RMIT Australia student participating in a cross-campus exchange will continue to be enrolled as an RMIT Australia student, paying any tuition fees or student contribution amounts as they would if their study was undertaken in Australia.

2.10 Vocational education – Victorian Government subsidised places (Skills First program) & Fee Free Uni Ready CSPs

2.10.1 Tuition fees for Victorian Government subsidised places

For eligible students, vocational education is delivered with Victorian and Commonwealth Government funding.

Tuition fees for a Victorian Government subsidised place will vary according to each vocational education qualification or skillset and are determined on an annual basis by the Victorian State Government.

Appendix 2 provides a list of the average annual 2027 tuition fees, as well as the amount per nominal hour, for all vocational education programs for government subsidised students.

2.10.2 Free TAFE places in a vocational education program

2.10.2.1 Free TAFE for priority programs

Under the Free TAFE for Priority Courses initiative, eligible students who commence an eligible vocational education priority course/program and are granted a Free TAFE place will have the tuition fees for their whole program's tuition paid for by the Victorian Government. The number of Free TAFE places available is subject to change, and the Victorian Government may cap the number of Free TAFE places available for a program at their discretion.

Students can access one Free TAFE non-pathway program at any provider, regardless of whether they finish the program or withdraw by the census date (certain exceptions may apply).

Students cannot receive a Fee Waiver for commencement in a Free TAFE priority course that is delivered as an Apprenticeship.

Students enrolled in Free TAFE will still be required to pay other fees, such as the Student Services and Amenities Fee (SSAF), graduation fees, and applicable materials fees.

2.10.2.2 Free TAFE priority pathways

The Free TAFE Priority Pathways initiative enables eligible students to enrol in additional Free TAFE programs, provided those programs are within the same Free TAFE pathway industry sector.

This initiative only applies to vocational education Free TAFE programs specifically outlined in the Free TAFE Priority Pathways initiative.

2.10.2.3 Free TAFE Short Courses

Free TAFE Short Courses is an initiative offered by the Victorian Government for tuition free places for eligible students in select vocational education skill sets.

Further information about vocational education Free TAFE pathways and Free TAFE short courses is available at:**vic.gov.au/free-tafe**

2.10.3 Program alignment with nationally endorsed training packages

Each vocational education qualification or skill set (excluding accredited 'Course In' skill sets) align to a nationally endorsed training package or nationally accredited course.

Training packages are reviewed and updated to reflect industry needs. Where a training package is superseded RMIT will, if required, develop a transition plan for any students enrolled in the qualification.

A variation to a qualification may result in an amendment to the nominal hours of a program. If this occurs, the program's nominal hours and calculated total estimated program fees will be updated in the relevant fee schedule at **rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees/approved-schedule-of-fees-and-charges.**

Students who are transitioned to a new program due to changes to their qualification may need to complete additional courses to meet the requirements of the new qualification. Correspondingly, the fees and VET Student Loan eligibility for the new training package / RMIT program may be different.

2.10.4 Eligibility criteria for Victorian Government subsidised places (GSP)

If a student is offered a Victorian Government subsidised place in vocational education, they must prove their eligibility before they can enrol.

Eligibility information is available at: Eligibility for a government subsidised place (Vocational study) - **rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees/fees-by-level-of-study/vocational-study/fees-for-government-subsidised-places#eligibility**

Students under 17 (who have not completed Year 12 and are not undertaking a school-based Apprenticeship) must have an exemption from school attendance, formally signed by:

A Department of Education Regional Director if the individual has not yet completed Year 10 or;

- The school principal or a Department of Education Regional Director if the individual has completed Year 10; or
- A Department of Education Regional Director if the individual is not currently, or has not ever been, enrolled in a Victorian school e.g. home school or a school interstate or overseas.

The Victorian Government may at any time publish additional eligibility requirements or eligibility exemptions to be applied by Registered Training Organisations (RTOs).

Students will be enrolled according to how qualifications are defined in the relevant industry training package. This may impact on their eligibility for a Victorian Government subsidised place for individual qualifications.

2.10.5 Calculating vocational education tuition fees for a program or course

Vocational education fees for Victorian Government subsidised places are calculated based on the nominal hours of enrolment.

To calculate a student's tuition fees, multiply the total nominal hours for the course or program by the fee per nominal hour for the relevant program listed in Appendix 2.

Example 1: Tuition fee per nominal hour for one program

A student is undertaking a diploma and is enrolled in a total of 700 nominal hours in 2027. The tuition fee per nominal hour for the program in 2027 is $10.00. Therefore, the 2027 tuition fee will be 700 x $10.00 = $7,000.00.

The fee charged for each semester in a calendar year may vary depending on the number of hours undertaken in each semester.

Example 2: Tuition fee per nominal hour for multiple programs

In 2027, a student is enrolled in a certificate IV program with 200 nominal hours and a diploma program with 300 nominal hours. The fee per nominal hour for the certificate IV is $5.00 in 2027 and the fee per nominal hour for the diploma is $8.00 in 2027.

Therefore, the tuition fee will be:

200 x $5.00 = $1,000.00 (certificate IV)

300 x $8.00 = $2,400.00 (diploma)

Total 2027 tuition fees: $1,000.00 + $2,400.00 = $3,400.00

2.10.6 Tuition fee concessions and exemptions for students in Victorian Government subsidised places

Some students in Victorian Government subsidised places may be entitled to an exemption or concession on their tuition fees as determined by the applicable Victorian Government eligibility criteria.

The tuition fee concession rate is not available for diploma and advanced diploma programs.

The tuition fee concession rate is 20% of the hourly fee that RMIT would have charged a non-concession student in the same government subsidised program.

Fee concession and exemption requirements are subject to change by the Victorian Government.

2.10.7 Eligibility for fee concessions

A vocational education student enrolled in a certificate I – IV (Victorian Government subsidised place) at RMIT may be eligible to apply for a concession rate on tuition fees and SSAF if they hold, or are a listed dependent, on one of the following:

- Commonwealth Health Care Card
- Pensioner Concession Card, or
- are named on a Health Care or Pensioner Concession Card as a dependent child/spouse
- Veteran's Gold Card.

'Dependent child' has the same meaning as in the *Social Security Act 1991* of the Commonwealth.

If a student has applied for but has not received their relevant concession card, they may instead provide a letter or temporary card issued by Services Australia that confirms they have applied for and been approved for one of the above listed concession cards.

They must then provide RMIT with one of the following before their census date:

- Their concession card displayed on a Digital Wallet through a Centrelink Express Plus mobile app on the cardholder's mobile device;
- The equivalent record of a concession card as extracted from Centrelink Confirmation eServices;
- Confirmation from a Gateway Service Provider that it has connected to the Australian Government's Document Verification Service (DVS) and verified the student's details.
- correspondence from the card issuer confirming a concession is granted to the student, and they may commence claiming their entitlement

or

- The physical original copy of their concession card;

Students enrolled in a domestic full fee place or international full fee place are not eligible for a tuition fee concession.

2.10.8 Eligibility for fee exemptions

Students may be entitled to a fee exemption if they are enrolled in a RMIT vocational education program in a Victorian Government subsidised place **and meet one or more of the below criteria:**

- They are an Aboriginal or Torres Strait Islander student.
  The First Peoples Access fee exemption supports Aboriginal and Torres Strait Islander students commencing study in a Victorian Government subsidised place - Aboriginal and Torres Strait Islander students are not required to complete a fee exemption application.

- They reside at the Judy Lazarus Transition Centre and provide written confirmation from the management of the Judy Lazarus Transition Centre (as a prisoner within the meaning of the Corrections Act 1986)

- They are a young person who is required to undertake training under a community-based order made pursuant-to the Children, Youth and Families Act 2005 (the CYF Act) and provide written confirmation from the relevant Youth Justice Unit of the Victorian Department of Justice and Community Safety.

- They are referred to training under the Youth Access Initiative by the Department of Families, Fairness and Housing, the Department of Justice and Community Safety, the Department of Jobs, Skills, Industry and Regions (DJSIR) or a referring agency which is defined for this purpose as an organisation based in the State of Victoria that currently receives funding or is contracted by the Victorian Government or the Commonwealth Government to provide services to children, youth and/or families.

Eligible exempt students will not be charged tuition fees or SSAF at all program levels (including diploma, advanced diploma, vocational graduate certificate and vocational graduate diploma programs).

Students enrolled in a domestic full fee place or international full fee place are not eligible for a tuition fee exemption.

2.10.9 Fee concession and fee exemption timelines

Concession card holders can apply online as part of the enrolment process via Enrolment Online. Students listed as a dependant on a concession card must apply at Student Connect after enrolment.

A student whose concession card is eligible after enrolment, must apply for a tuition fee concession before their scheduled class start date.
A student whose concession card or exemption referral is valid before the class start date (and does not apply at enrolment) must apply within 60-days of the class start date to be granted a fee concession or exemption.

All other students who apply after the scheduled class start date will have a tuition fee concession or exemption applied to the next eligible class, as well as all other eligible classes that have not yet commenced, for the duration of their program, with the exception of Aboriginal and Torres Strait Islander students, who are not required to apply for a fee exemption.

2.10.10 Asylum Seeker VET (ASVET) Program

Asylum seekers are entitled to receive a tuition fee concession regardless of whether they hold one of the forms of fee concession entitlement specified in section 2.10.7

Applicants enrolled in Skill Sets or programs at certificate levels I-IV, who are eligible for a Victorian Government subsidised Skills First place will be eligible for a concessional tuition fee rate.

Asylum seekers undertaking programs at diploma and advanced diploma levels are not eligible for tuition fee concession rates.

Applicants applying for programs at Certificate IV, diploma and advanced diploma levels may also be eligible to apply for an RMIT Welcome Scholarship. Further information about the scholarship and eligibility criteria is available at: **rmit.edu.au/scholarships/coursework/rmit-welcome**

2.10.11 University discretion

Authority to grant a university discretion tuition fee concession is delegated to the Associate Director, Enrolment and Student Records.

RMIT is permitted to grant a concession on a tuition fee where RMIT considers collection of the tuition fee in full would impose extreme financial hardship.

This may include a further concession on, or exemption from, the standard concessional fee rate. University discretion concessional fees will result in lost Victorian Government funding for RMIT for the discretional concession amount applied to the student record.

2.11 Vocational education fees for recognition of prior learning (RPL) and recognition of current competency (RCC)

2.11.1 Recognition of prior learning (RPL)

RPL is a process through which students can gain credit in recognised courses based on competencies gained.

In 2027, vocational education RPL fees for government subsidised, domestic full fee and international students are equivalent to the relevant standard tuition fees for the course(s) for which RPL is sought.

Foundation Skills programs are excluded from RPL

2.11.2 Recognition of current competency (RCC)

Recognition of current competency (RCC) is where a previously completed accredited qualification is assessed in circumstances where it may have expired or where the individual may not have been practising in their field.

Costs will be determined on a case-by-case basis, however, will not exceed the amounts listed in the approved schedule.

More information regarding credit can be found here: **rmit.edu.au/students/my-course/enrolment/apply-for-credit**

2.12 Change in citizenship or residency status

International students studying in Australia who change their citizenship or residency status during their study, and become an Australian citizen or permanent resident, may be entitled to be charged at the domestic full fee rate.

Depending on the established fees for individual programs, changing citizenship or residency status may not necessarily result in a reduction in fees.

2.12.1 Vocational education students

A change of citizenship can only be applied when there is a period in which there is a break where all scheduled classes have ended, and the next classes have not yet started.

If the student submits their change in status with accepted evidence to RMIT at least 5 business days **before** their first class start date of the study period and meets the Victorian State Government's requirements to access government funding, the student will be eligible for a refund of any difference between the international tuition fee and the relevant domestic fee. They will then be liable for the domestic fee for their program from the date their change in status is applied to their record.

If the student submits their change in status with accepted evidence to RMIT **after** the relevant census date, the student will not be entitled to a change in fees for the current study period.

2.12.2 Higher education students

If the student submits their change in status with accepted evidence to RMIT 5 business days **before** the relevant census date, the student will be eligible for a refund of any difference between the international tuition fee and the relevant domestic fee. They will then be liable for the domestic fee for their program from the date their change in status is applied to their record.

If the student submits their change in status with accepted evidence to RMIT less than 5 business days or **after** the relevant census date, the student will not be entitled to a change in fees for the current study period. In these circumstances, for higher education students, the change will be applied to classes for which the census date has not yet passed.

2.12.3 HELP Loans and VET Student Loans

Students whose change of status means they may be eligible to access a HELP loan, or a VET Student Loan, are responsible for ensuring they meet all relevant criteria and for submitting their electronic Commonwealth Assistance Form (eCAF) via the Australian Government's online eCAF system by the relevant census date to access a loan (see section 2.6.5).

Where an eligible student is required to submit a new eCAF or wishes to apply for an optional loan following a change in citizenship or residency status; RMIT must send the student's data to the Australian Government's eCAF system so an eCAF can be created. The student will receive an email invitation from the eCAF system within 24 hours. The email will contain their unique login credentials to access and submit their online eCAF via the government's eCAF system.

RMIT is not able to facilitate back-dated loans after the census date under any circumstances. Due to these technology restrictions, RMIT requires students to submit notification of a change in their citizenship or residency status a minimum of 5 business days prior to the census date to ensure the change in status can be assessed and applied, and the student can complete the

required steps in the online eCAF system. Given this restriction RMIT cannot facilitate a change of citizenship or residency status on a census date to support a government loan.

2.13 Vocational education domestic full fee-paying places

RMIT offers a number of places in vocational education programs on a full fee-paying basis. Students who are ineligible for a Victorian Government subsidised place, or who are repeating a government subsidised course they have previously passed, may enrol as a full fee-paying student.

The tuition fees, concessions and exemptions outlined in section 2.10.7 & section 2.10.8 do not apply to full fee enrolments. Appendix 2 provides a list of the average annual 2027 domestic full fee tuition rates for vocational education programs.

2.14 Vocational education fees for international students

Appendix 3 of this document tabulates the average annual 2027 tuition fees applicable to students studying under a student visa arrangement (classified as ‘international onshore’ students).

2.15 FEE FREE Uni Ready (FFUR) Enabling Program

The RMIT Uni Ready Enabling Program is free for eligible students through the Australian Government's FEE-FREE Uni Ready Courses initiative.

All students enrolled in the Uni Ready Enabling Program will study in a Commonwealth Supported Place (CSP), meaning the cost of tuition is subsidised by the Australian Government. Student’s will not be required to make a student contribution or pay the Student Services and Amenities Fee (SSAF).

However, there may be non-tuition fees and other costs associated with their studies, such as material and administrative fees.

All students enrolling under the RMIT Uni Ready Enabling Program must submit an electronic Commonwealth Assistance Form (eCAF) via the Australian Government’s online eCAF system.

3. Student services and amenities fee (SSAF)

The SSAF is used to maintain and enhance services and amenities, both on-campus and online, that improve the experiences of RMIT students.

The maximum annual fee is determined each year by the Commonwealth Government.

In 2027, higher education, Foundation studies and RMIT UP Fast Track students will be charged on a semester basis at the rate of $4.02 per credit point for each course they are enrolled in, up to a maximum of $386.00 for the calendar year.

Vocational education students are charged on a term (half yearly) basis, based on their enrolled study load, up to the maximum SSAF fee of $386.00 for the calendar year.

However, if a vocational education student is eligible for a concession on their tuition fees, they are also eligible for a concession on the SSAF. In 2027 the SSAF concession rate is $0.10 per nominal student contact hour.

Due to the variable delivery of vocational education (for example multiple programs, cross-year session classes and full-year session classes), the University Secretariat and Academic Registrar's Group will manage student records to ensure no student is overcharged.

Eligible higher education students can apply to defer payment of this fee via the SA-HELP scheme. More information **rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees/commonwealth-assistance-help-loans**

3.1 Students charged or exempt from the SSAF in 2027

Students who are enrolled and charged tuition fees in Australia via SAMS, will be charged up to the allowable maximum rate of SSAF per calendar year, unless they otherwise fall into one of the categories in the tables below.

The tables summarise which student groups are charged or not charged the Student Services and Amenities Fee (SSAF), based on their enrolment type and funding arrangements.

Students charged SSAF

Student Cohort	Circumstance	SSAF Status	Details
All students	Enrolled in single courses	✅ Charged	Even if not part of a formal program
All students	With third-party sponsorship	✅ Charged	If individually invoiced via SAMS
All students	Online or off-campus students	✅ Charged	Same treatment as other off-campus students billed via SAMS, unless otherwise excluded.
All students	Change of study mode (e.g. from on-campus to online)	✅ Charged	SSAF applies regardless of mode change
VE Students	With a Victorian Government concession	✅ Charged (concession rate)	Under the VET Funding Contract
VE students	In Free TAFE or Free at TAFE skillsets	✅ Charged	SSAF applies despite tuition exemption
HE students	Domestic: coursework or research	✅ Charged	If program commenced after 2021 and tuition is billed via SAMS
HE students	Transferring from RMIT Vietnam or partner institutions to RMIT Australia	✅ Charged	Upon transfer to RMIT Australia
HE students	Studying in OUA CSP places/programs	✅ Charged	Same treatment as other off-campus students billed via SAMS
Foundation Studies and RMIT UP Fast Track students	RMIT UP students	✅ Charged	SSAF applies as per standard HE rules, **except** students enrolled in ELICOS

Students not charged SSAF

Student Cohort	Circumstance	SSAF Status	Details
All students	In industry programs delivered in the workplace	✗ Not Charged	If fees are invoiced via Workday
All students	Exchange (inbound and outbound), Study Abroad (inbound and outbound, Cross-institutional (inbound and outbound), and Distance Offshore Education students and Students who are going on outbound exchange	✗ Not Charged	**Except** outbound short-term exchange students spending most of the semester in Australia
All students	Cross-campus outbound students (RMIT Melbourne to RMIT Vietnam) Inter-location outbound students (RMIT Melbourne to international partner institution)	✗ Not Charged	
All students	Students in non-award programs	✗ Not Charged	SSAF not applicable
All students	Students granted Recognition of Prior Learning (RPL)	✗ Not Charged (for RPL courses)	SSAF not charged for approved RPL courses
All students	Students in short courses (excluding VE skillsets) or micro-credentials.	✗ Not Charged	SSAF not applicable
VE students	Students in Victorian Government subsidised Skillsets (co-delivered)	✗ Not Charged (for skillsets only)	SSAF may apply to their primary award program
VE students	With full tuition fee exemption	✗ Not Charged	Under the VET Funding Contract
RSCH students	Who are International HDR scholarship recipients	✗ Not Charged	SSAF is waived
HE students	Students at RMIT international partner institutions	✗ Not Charged	SSAF not applicable
All students	Enrolled in distance or external mode of delivery	✗ Not Charged	SSAF not applicable when mode of attendance is distance or external

4. Material fees

Material fees include fees or charges associated with field trips, and goods that become the physical property of students.

Material fees may only be levied with a student's signed consent via the *Voluntary material and other fees* form. These fees are not compulsory (excluding fees for flight training courses), and students may choose to purchase these items independently.

Material fees charged through RMIT's Student Administration Management System (SAMS) have a 30-day due date applied.

The fees approved for 2027 have been reviewed to ensure consistency with the prevailing government guidelines. Appendix 7 provides a list of material fees for 2027.

5. Administrative fees

Administrative fees cover specific additional services provided to students or persons.

In addition, several fees have been approved that can be levied against a student's account as a fine or penalty when RMIT regulations are broken, or borrowed goods are not returned. These fees are principally levied as a disincentive.

Administrative fees charged through RMIT's Student Administration Management System (SAMS) have a 30-day due date applied.

Appendix 8 details a full list of administrative fees and charges.

For some administrative fees and charges, information about how they will be levied is noted below.

5.1 Fines, fees and charges

5.1.1 Overdue Library materials and replacement charges

The library will automatically renew loans 3 days prior to the item due date unless any of the following applies in which case the item will not be renewed and must be returned by its due date:

- A hold request is made for the loaned item;
- The loaned item has been borrowed for the maximum time permissible: 12 months, or 3 months for CAVAL borrowers;
- Another loaned item is recalled or becomes overdue;
- The patron account has expired;
- The item is from the Reserve collection on a 4-hour loan.

Loaned items not returned by their due dates become overdue. The following applies to overdue Library materials:

Items less than 90 days overdue:

- Borrowing rights will be suspended at all RMIT University Library sites,
- Holds will not be able to be collected until overdue items are returned and the library has cleared these from the student account.

Items 90 days or more overdue:

- Items will be deemed lost and a standard replacement charge per item will be applied to the student account;
- Replacement charges must be paid in full before the library will clear an account resulting in reinstatement of borrowing and holding rights;
- Replacement charges will be waived where an overdue item is returned.

Fee code	2027 fee incl GST	Description of fee
AF1	Variable	Fee for replacement of lost or damaged materials

5.1.2 Car parking fees

RMIT provides students with casual and permit parking options at its City, Brunswick and Bundoora campuses. Free parking options are available for holders of disability parking permits at the Brunswick and Bundoora campuses.

Instructions on how to apply for a parking permit, and further information about disability permit parking regulations is detailed at **rmit.edu.au/about/our-locations-and-facilities/facilities/parking-on-campus**

Motorcycle and bicycle parking information is detailed at: **rmit.edu.au/about/our-locations-and-facilities/facilities/parking-on-campus**

Students are required to observe parking regulations on campus and are likely to be issued a Parking Infringement Notice (PIN) if they breach parking regulations **rmit.edu.au/about/our-locations-and-facilities/facilities/parking-on-campus**

Failure to pay a parking fine will result in the overdue fee being referred to debt collection (see 8.2.1).

5.1.3 Special administration services

Students enrolled at RMIT will receive administration services such as Statements of Enrolment and initial online tax invoices without charge.

All RMIT students also receive one award transcript free of charge after conferral.

5.1.4 Administrative fees applying to onshore international students

A non-refundable application fee (ADM14) is payable by international students who apply to undertake an RMIT program.

In addition, an international student may request an additional administration service. These and other special administrative charges for international students are noted in the following table:

Fee code	2027 fee incl GST	Description of fee
ADM12	$150.00	**Airport pickup no-show fee** A no-show fee applies if a student books the airport pickup service but does not use it and fails to cancel their booking. This fee will not apply if the student can provide evidence that they were unable to use the service due to unforeseen circumstances, such as connecting flight disruption, flight cancellation or severe weather disruption.

Fee code	2027 fee incl GST	Description of fee
ADM14	$100.00	Non-refundable application fee for prospective international students.

5.1.5 Overseas Student Health Cover (OSHC)

All international students holding an Australian student visa are required to maintain valid OSHC with an approved OSHC provider.

Medibank Overseas Student Health Cover
All international students (and their dependents) require Overseas Student Health Cover (OSHC) for the duration of their student and student dependent visas, unless otherwise exempt. RMIT works with Medibank as the preferred OSHC provider, and arranges comprehensive OSHC for international students

OSHC fees quoted in the offer letter are indicative and are subject to change on 01 May each year. Alternatively, students can choose to purchase OSHC themselves from an approved Australian health insurance provider.

OSHC adjustment for deferral of offer or acceptance
When a student defers their offer/acceptance, or changes preference or program, the OSHC duration is recalculated accordingly. The new OSHC fee is indicated on the new/revised offer letter. Once the student has accepted their new/revised offer, the updated OSHC fee is adjusted accordingly in their RMIT student account (SAMS).

Students will not require OSHC if they are:

- A Norwegian student covered by the Norwegian National Insurance Scheme
- A Swedish student covered by the National Board of Student Aid or by Kammarkollegiet

- A Belgian student covered under the Reciprocal Health Care Agreement with Australia

6. RMIT childcare centre fees

RMIT provides a childcare service to students via the City Campus Children's Centre. Failure to pay childcare service fees by the due date may result in the application of penalties, or the withholding of services as outlined in Section 8.

7. Bundoora on-campus accommodation

RMIT has student accommodation located at the Bundoora campus - UniLodge@RMIT Bundoora, also known as Walert House.

Pricing information is available at **unilodge.com.au/student-accommodation-bundoora/rmit-bundoora/**

A student who fails to pay accommodation fees is recommended to contact a Student Welfare Advisor via Student Connect to discuss their circumstances and financial options available.

Walert House accommodation scholarships are available to students from interstate and rural or regional areas who meet the eligibility criteria. Further information is available at **rmit.edu.au/scholarships/coursework/unilodge**

8. Debtors – overdue balance and penalties

RMIT students are required to pay their fees by the due date shown on their tax invoice, as agreed to in the Statement of Student Responsibilities.

Each charge has a due date and due dates may vary. It is a student's responsibility to keep track of their due dates and ensure payment in full.

Students can check the 'Summary of Charges by Due Date' section in the account statement of their tax invoice or log on to Enrolment Online to view their online financial account which lists their fees and due dates (see section 9).

8.1 Debtor restrictions

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date. They may also have their enrolment cancelled (see section 8.2).

Debtors cannot enrol, add classes, access Canvas, obtain a transcript of results or a Statement of Academic Completion or related letters, view their academic history (results) via Enrolment Online or receive an award (graduate) until the debt is paid in full. Therefore, it is important for students to dispute a fee as soon as possible if they think they have been incorrectly charged.

8.1.2 Fee disputes

Students who wish to dispute a fee must contact Student Connect via the Student Connect portal (ServiceNow) as soon as possible, providing supporting documentation to facilitate an investigation of the disputed charge.

If after the investigation the student is found liable for the fee(s), they will be required to make immediate payment.

8.2 Cancellation of enrolment due to non-payment

If a student has unpaid tuition fees totalling more than $500.00 after the due date, RMIT is entitled to cancel their enrolment in all current programs, as per the Enrolment Procedure – discontinuation of student program. Students who have their enrolment cancelled by RMIT due to non-payment of fees will receive a full refund of a credit balance upon submission of the Refund due to cancellation of enrolment form, pursuant to the applicable refund rules.

Vocational education students enrolled as an Apprentice or Trainee with an active training agreement are excluded from cancellation for non-payment and are managed in accordance with Employer Sponsorship processes (where in place) or student debtor processes.

Students enrolled in a higher education Commonwealth Supported Place (CSP) with unpaid student contribution amounts are cancelled in accordance with the *Higher Education Support Act 2003*, with the exception of students enrolled in a CSP program who are also a debtor in a full fee-paying place.

Further information about cancellation of enrolment due to non-payment, and student financial liability is detailed in the Enrolment Procedure – discontinuation of student program.

If a student's enrolment is cancelled due to non-payment, they:

- Will be cancelled in all their current programs even if they have paid (or have an approved HELP loan) for the other program(s) they are enrolled in, including CSP programs.

- Must pay the tuition fees for any course they have already received a grade for or that has already finished, and any materials or other fees (e.g. library fines). These fees will be referred to a debt collection agency if they remain unpaid.

- May seek reinstatement into the program following full payment within strict timelines or must reapply to RMIT if they wish to continue their studies in the cancelled program(s). Reinstatement information is detailed in the Enrolment Procedure – discontinuation of student program.

8.2.1 Referral to debt collection

Students may be referred to an external debt collection agency for overdue fees where they have:

- Unpaid fees following cancellation for non-payment
- Overdue tuition fees totalling less than $500
- Overdue non-tuition fees, including SSAF and material fees

Students who are referred to a debt collection agency will incur additional costs, and their personal credit rating may be affected.

Once a debt has been referred to an external debt collection agency, all verbal and written communication will come from the agency. The student will continue to receive communication from RMIT for any charges that have not been referred to the agency.

8.2.2 Student visa implications

A student visa holder subject to the *Education Services for Overseas Students Act 2000* (ESOS) who has their enrolment cancelled will be reported to the Department of Home Affairs (DHA) and have their Confirmation of Enrolment cancelled by RMIT.

As a result, the student's visa may be cancelled by DHA and the student may have to leave Australia.

8.2.3 Cancellation of enrolment review process

If a student has their enrolment cancelled by RMIT due to non-payment of their tuition fees, they may be permitted to be reinstated and re-enrolled if they are able to make full payment of all fees that were overdue within prescribed timelines, as the Enrolment Procedure – discontinuation of student program. An administration fee applies (ADM140) for approved reinstatements.

Reinstatement into a program cancelled due to non-payment is only permissible on one occasion, and is subject to approval by the Associate Director, Enrolment and Student Records.

8.3 Financial difficulty

If a domestic student is having trouble paying their fees, RMIT recommends the student considers the following options:

- Reduce their fees by dropping classes from their enrolment before the census date
- Apply for a leave of absence for a semester before the census date, or
- Cancel their enrolment before the census date if they cannot afford their tuition fees

It is the student's responsibility to seek advice, prior to changing their enrolment, to avoid risk of breaching student visa conditions or requirements of the Higher Education Support Act.

Students can also contact a Student Welfare Advisor via Student Connect or the online portal to discuss what their options might be.

Student visa holders require approval based on evidence of compassionate and compelling circumstances to drop classes (reduce their study load) or take a leave of absence. Students should contact their Program Manager for academic advice regarding any change to study load before seeking approval and refer to information about study load at: Enrolment load requirements for student visa holders - RMIT University.

8.3.1 Fee due date extension

In exceptional circumstances that exist beyond a student's control, a student may request a fee due date extension.

Approval is subject to the student meeting all published eligibility criteria, available at **rmit.edu.au/students/my-course/fees-loans-payments/fee-extensions.**

All applications are assessed by Student Connect.

Students seeking an extension should contact Student Connect as soon as possible and no later than the due date specified on their student tax invoice.

Fee due date extensions are available only for **tuition fees** and the **Student Services and Amenities Fee (SSAF)**. All other charges must be paid in full by the due date shown on the student tax invoice.

Applications will be assessed, and students will be advised of the outcome.
If an extension is granted and the fees are not paid in full by the agreed date(s), the student's enrolment may be cancelled.

Students enrolled in a higher education Commonwealth Supported Place are not eligible for a fee due date extension, even if they do not meet the eligibility criteria for a Commonwealth loan scheme (see section 2.6.6).

An extension will only be considered once per standard semester. A second extension will not be granted in the same semester.

If an application is declined and the student believes they meet the published eligibility criteria, they may request a review of the decision. The Associate Director, Student Services, or delegate, is the authorised review officer.

9. Payment of fees and charges

Prior to the start of the 2027 academic year, students who have enrolled will receive an invoice detailing their fees and charges.

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date(s). They may also have their enrolment cancelled (see section 8.2).

9.1 Tax invoices

An up-to-date invoice will be issued to students whenever there is activity on their account, e.g. they make a payment, drop or add a course.

All student tax invoices are available via Enrolment Online and emailed to their RMIT student email account and their personal email account recorded with RMIT.

Students are required to regularly check and read all RMIT communications.

More information about tax invoices is available at **rmit.edu.au/students/student-essentials/fees-and-payments/tax-invoices.**

Students can also access their online RMIT financial account in Enrolment Online to view their fees and charges.

9.2 Student payments

All student fee payments must be made in Australian dollars (AUD) and paid via the approved payment methods detailed on the tax invoice issued by the university.

Students must make all required fee payments directly to the university. Students must not pay RMIT fees through an unauthorised third party, or via gift cards (Including purchased pre-loaded credit cards).

Students can find approved payment options in their online account, on the *Paying your fees* webpage at **rmit.edu.au/students/payment** and on their tax invoice.

Students should allow at least three to five business days prior to the due date for an electronic payment to be transferred to their RMIT account, dependant on the method of payment.

Students who make payments exceeding the amount due listed on their invoice may not be entitled to a refund – see Ineligibility for a refund section - 11.5.2 and refund Tables A&B

Students who have payment reversals (also known as charge backs) on their RMIT financial account may be subject to enrolment restrictions and or cancellation per the Enrolment Procedure - Discontinuation of Student Program

9.3 Employer Fee Sponsorship arrangements

Vocational education apprentices and trainees may enter into a formal fee sponsorship arrangement with their employer for payment of their RMIT tuition fees and SSAF.

Students without a formal approved sponsorship arrangement in place remain responsible for the payment of their fees by the due date.

Students can email sponsorship.applications@rmit.edu.au to obtain an Apprentice/Trainee sponsorship application form.

Students must apply immediately after enrolment. Any changes to enrolments and fees after the sponsorship is in place may require a new sponsorship form to be approved and submitted.

Sponsorship arrangements must be re-established each year following enrolment.

Employers or third parties paying fees on behalf of higher education students in a Commonwealth Supported Place (CSP) must pay fees in full by the due date.

Failure to pay fees by the due date will result in cancellation of the student enrolment, or deferral of fees to their HELP loan (where the student is eligible and the loan is approved) as required by the *Higher Education Support Act 2003.*

10. Discounts, fee waivers and scholarships

The *Higher Education Support Act 2003* requires universities to charge tuition fees to full fee-paying students for any course or program, with the exception of domestic Higher degree by research students who are enrolled in a Commonwealth Research Training Program (RTP) place.

Additionally, universities may award full fee-paying students a scholarship to pay all or part of their tuition fees.

10.1 Scholarships

A wide range of scholarships are available to assist students while undertaking study at RMIT. Many of these have been established to assist students in specific circumstances.

More information about available scholarships is located at: **rmit.edu.au/students/careers-opportunities/scholarships**

10.2 Authorisation/approval of partial scholarships

Partial scholarships may be used at a school or college discretion where they wish to ameliorate part of a students' fees. Please note, these are separate from the standard scholarships which students may apply for here: **rmit.edu.au/students/careers-opportunities/scholarships**

Applications for a partial scholarship are only permissible if the *Tuition fee partial scholarship* form is completed, approved and signed by the relevant authorised staff responsible for the funding of the scholarship.

Partial scholarships can be granted based on compassionate, marketing, staff and other grounds, or be used to correct university errors and support research efforts.

11. Refunds

The refund rules in this section apply to programs delivered by RMIT Australia.

They do not apply to RMIT UP English Language Pathways, RMIT Vietnam programs or in partnership with other education providers.

For students enrolled with an international partner institution, the policy and processes of the partner institution on refund of fees and remission of debt apply.

11.1 Domestic and continuing international student refunds

11.1.1 Domestic student

A **domestic** student is a student who is:

- An Australian citizen, or
- A New Zealand citizen studying in Australia, or
- A holder of an Australian Permanent Residence visa, or
- A holder of an Australian Permanent Humanitarian Visa

Refer to section 11.6 Table A for applicable refund rules

11.1.2 Continuing international student

A **continuing international student** is:

- An international student (including a holder of a student visa, bridging visa, or temporary visa) who has successfully completed a full-time study load in the first semester of their current program and whose results have been officially released, or

- An international student who has been granted a Leave of Absence.

If an international student who has paid an acceptance deposit reduces their study load in the first semester of their program, they will not be eligible for a refund of the difference between the tuition fees they pre-paid for that semester and the tuition fees charged. Instead, the difference will appear as a credit in their student account and be automatically applied to future semester tuition fee charges.

Students who reduce their study load without formal college approval via an Application to Reduce Enrolment Load Form will not be eligible for a refund. If the student reduces their study load in any semester other than their first semester, standard international refund rules will apply. For more information about study load refer to: Enrolment load requirements for student visa holders

International students who make payments exceeding the amount due listed on their invoice may not be entitled to a refund.

Refer to the following sections for applicable refund rules:

- 11.5.2 - Ineligibility for a refund

- 11.6 Table A: Refund assessment for domestic and continuing international students)

- 11.7 to 11.10: Refund assessment for commencing international students

Note: To appeal against refund decisions for international students see section 11.11 International student appeals against a refund decision.

11.2 Commencing international student refunds

A **commencing international student** is a student who:

- is not yet enrolled, or enrolled and cancelled their enrolment in the first semester, AND
- holds a student visa OR
- has been issued a Confirmation of Enrolment (CoE) to apply for a student visa OR
- accepted a conditional offer but have not yet been issued a CoE.

This includes:
- cross-campus, inter-location, exchange and study abroad students.
- RMIT UP Fast Track students
- students who have an excess from their first semester due to an approved reduced study load.

Refer to section 11.7 Table B for applicable refund rules

Note: Commencing international students who hold a bridging visa or a temporary visa and do not intend to apply for a student visa will have their refund applications assessed according to the refund rules for domestic students (see section 11.6).

11.3 International offshore student refunds

International students studying outside Australia, including New Zealand citizens studying outside Australia, who are charged tuition fees by RMIT Australia will have their refunds assessed in-line with the rules that apply to domestic and continuing international students.

Refer to section 11.6 Table A for applicable refund rules

11.4 Applying for a refund

Credit balances within student accounts will not be remitted automatically.

Students must apply for a refund via the relevant process – see information and application forms below:

- How to apply for a refund as a commencing international students
- How to apply for a refund as a domestic and continuing international students
- How to apply for a refund for a refund due to cancellation for debt - Refund due to cancellation of enrolment form

Correct and complete applications for a refund will be processed within 20 business days.

Any funds on a student account that are not applied to a due or future charge, and for which a student does not submit an application for a refund within 12 months, will be remitted by RMIT to the State Revenue Office, as required.

11.4.1 Eligibility for a refund

A refund can only be paid when:

- RMIT has received the money that is to be refunded, and the funds have been cleared to the student's account, and
- There is an available credit balance as the result of a payment, and
- The credit has not already been allocated to other outstanding student fees

All refunds of credit amounts on a student's account will be assessed against any outstanding fees or charges.

Overpayments will be assessed case-by-case and may not be refundable, unless the overpayment has been made for tuition fees in the last semester of study.

Please refer to Table A: Refund assessment for domestic and continuing international students

If an international student in their first semester of their current program cancels their current program before their result(s) have been officially released, their refund will be assessed and processed based on the guidelines applicable to commencing international students.

11.4.2 Ineligibility for a refund

A refund will not be available where a student:

- Owes RMIT outstanding fees
- Is seeking a refund for remaining school allocated print credits
- Has cancelled or had their enrolment cancelled by the university, and
    - the grades have been entered, or
    - the course end date has passed, or
    - the student was in breach of enrolment conditions
    - reduces their study load in the first semester of their program without college approval

International students who make payments exceeding the amount listed on their invoice, or students who make payments without an invoice, may be deemed as a suspicious payment and may not receive a refund.

Where a student's request for refund of fees is denied, the response will state the reasons for the decision and inform the student of their right to appeal.

11.4.3 Incomplete refund application

RMIT will allow 10 business days for additional documentation or information to be provided to support an application for a refund if required. The application will be closed if the required information is not received within this timeframe. A new refund submission will then be required.

11.4.4 Refund payment

RMIT will process refunds using the same payment method as the original payment.

Where the payment was made via a credit card within a year, the funds will be returned to the same credit card used for the original payment. If a student pays via a method other than credit card, the student can nominate a bank account of their choosing.

Refunds that are processed via Electronic Funds Transfer (EFT) will be paid into the student's nominated bank account. It may take up to 6 weeks to for a refund payment to reach an overseas bank account.

RMIT reserves the right to request proof of payment. RMIT is not liable for any variance from foreign exchange rate fluctuations.

RMIT refuses to process a refund application when a discrepancy in the transferred amount and the issued invoice has been identified.

11.4.5 Refund of material and adminstrative fees

Material fee refunds for goods, excursions, and global intensives are at the discretion of the relevant teaching school.

Refunds for material fees will not be processed until the school approves the removal of charges. An administrative fee may also be charged for late withdrawal from an excursion or global intensive.

11.4.5.1 Refund of U18 Care Program Fees

If a student enrols in the Care Program and later decides to withdraw, they can apply for a refund. A full refund, less the $330 Confirmation of Appropriate Accommodation and Welfare (CAAW) administration fee, will be provided if written notice is received before the commencement of the care arrangements. After this date, any unused portion of the Care Program fee will be refunded.

Students must provide a minimum of 10 working days' notice when discontinuing from the Care Program.

See the **Refund Table** published via rmit.edu.au/assets/au/en/docs/study/international/apply-to-rmit-international-students/visa/rmit-under-18-care-program-handbook.pdf for refund eligibility, evidence, and timely application per circumstance.

If a student has been issued a CAAW and they withdraw from the Care Program, RMIT will withdraw CAAW and notify the Department of Home Affairs that these care arrangements have been cancelled.

11.4.6 Refund of Overseas Student Health Cover (OSHC)

Commencing international student refunds:

- A student who has not commenced any program with RMIT or enrolled but never arrived in Australia is eligible for a refund of Medibank OSHC premium paid at their time of program acceptance.
- A student who has arrived in Australia including a student who arrived in Australia and decides to return home will be directed to the Medibank OSHC customer service team to apply for a refund of eligible OSHC fees.
- A student who did not arrange their OSHC via RMIT must contact their OSHC provider to apply for a refund of eligible OSHC fees.

Continuing International student refunds:

- Continuing international students must contact their OSHC provider to apply for a refund of eligible OSHC fees.

11.4.7 Application fees

Program application fees are non-refundable. However, if an international student's application is successful the application fee will be credited to their tuition fees once they accept their offer and enrol.

11.4.8 SSAF Liability

Students who withdraw on or before census date will not be liable for the SSAF previously applicable to their enrolment for that census date, including when a student has an approved SA-HELP loan.

If a student does not have an approved SA-HELP loan, and they paid their SSAF up-front to RMIT, the student's account will be re-credited for the SSAF amount paid up-front and they can apply for this credit to be refunded.

Students who withdraw after the census date will remain liable for the applicable SSAF.
If a student has an approved SA-HELP loan, the SSAF deferred to SA-HELP is not refundable after the census date.

11.5 Remission and removal of debt in special circumstances

The Remission and removal of debt procedure outlines eligibility criteria for remission and removal of debt in special circumstances.

There are no provisions under the *Higher Education Support Act 2003* to have a debt remitted for a course if the student has successfully completed it.

There is no remission of debt in special circumstances for SA-HELP.

11.6 Table A: Refund assessment for domestic and continuing international students

Students who have paid fees to RMIT and then vary their enrolment, resulting in their RMIT student financial account being re-credited, may apply to have this credit balance refunded.

Note: International students with a student visa must study a full-time study load. Refer to: Enrolment load requirements for student visa holders

Refund reason	Timing	Refund payable	Notes
Student withdraws from program after failure to meet offer letter conditions	After census date	No refund	
Apply for a Leave of Absence	After census date	No refund	
Student withdraws from program	After census date	No refund	.
Student withdraws from program or drops a course(s)	After census date	No refund	
Student is granted permanent residence status	After census date	No refund	
Deposit	After census date	No refund	International students with a student visa must study a full-time study load. The deposit is calculated based on first-semester tuition fees. The deposit will be allocated toward a student's tuition fees after enrolment.

Refund reason	Timing	Refund payable	Notes
			If a student has underloaded their enrolment without university approval, any remaining deposit is non-refundable. Refer to Enrolment load requirements for student visa holders
Student who is suspended/expelled from RMIT due to misconduct	After census date	No refund	
RMIT cancels program or program ceases to be provided	After census date	Full refund	
Print credit	Any time	Full refund/ partial refund available pending assessment	Print credits allocated by a school or college are non-refundable. Any remaining print credits purchased by a student may be refundable.
Application fee	Any time	No refund	A non-refundable application fee is payable by international students who apply to undertake an RMIT program.
RMIT has not provided program in full	After census date	Full refund	

Refund reason	Timing	Refund payable	Notes
Student has overpaid fees	After census date	Full refund available pending assessment	If an international student (including a holder of student visa, a bridging visa or a temporary visa) reduces their study load in their first semester of study, the student will not be eligible for a refund of the difference between the tuition fees they pre-paid for that semester as a deposit and their tuition fees charged. Instead, the difference will appear as a credit in their student account and be automatically applied to future semester tuition fee charges. A refund will not be assessed until their official result(s) of their first semester have been released. The offer deposit outlines how much is required to accept an offer to study at RMIT. Any additional payments to the offer deposit are considered an overpayment. If part of the acceptance deposit is unallocated and sitting as a credit, this is not considered an 'overpayment'. Note: when a student made payments without an invoice, or when the amount they transferred is greater than the invoice amount, the student refund procedure may not apply.
Student whose student visa has been cancelled for breaching student visa condition(s)	After census date	No refund	Refund may be approved if there is evidence of exceptional circumstances. Visa cancellation letter must be submitted with the application for refund.
	Before census date	Full refund	If a student's visa is cancelled before the census date, and the student cancels their enrolment before census date, the student is eligible for a full refund

Refund reason	Timing	Refund payable	Notes
Scholarship recipients	After census date	Pending assessment	Scholarship payments are not refundable. Scholarships are allocated toward unpaid fees. If an active student fully paid their fees and a scholarship is then applied to their account, the scholarship amount will automatically be applied to future semester tuition fee charges. The refund request for fees paid by the student can be assessed AFTER the census date. Any scholarship related refund claims cannot be assessed before the census date. Commencing international scholarship recipients who reduce their study load in their first semester of study, will not be eligible for a refund of the difference between the tuition fees they pre-paid for that semester as a deposit and their fees charges. Instead, the difference will appear as a credit in their student account and be automatically applied to future semester tuition fee charges. A refund will not be assessed until their official result(s) of their first semester have been released. The offer deposit outlines how much is required to accept an offer to study at RMIT. Any additional payments to the offer deposit are considered an overpayment. If part of the acceptance deposit is unallocated and sitting as a credit, this is not considered an ‘overpayment’.

Refund reason	Timing	Refund payable	Notes
Enrolment is cancelled due to non-payment	After census date	Full refund	Students are liable for the tuition fees for any course they have already received a grade for or that has already finished, and any materials or other fees (e.g. library fines) These fees will be referred to a debt collection agency. Refer to the Enrolment Procedure - Discontinuation of Student Program
Compassionate or compelling circumstances which prevent the student from completing a course	After census date	Full refund may be available pending assessment. SSAF cannot be refunded see 11.5.8.	An application must include a personal statement of the student's special circumstances and independent supporting documentation to demonstrate that: • The student was unable to complete the course because of special circumstances (medical, psychological, family/personal reasons, employment-related reasons) • The special circumstances did not make their full impact, or their full impact was not apparent, until on or after the census date in the course • The special circumstances were beyond the student's control Refer to the remission and removal of debt procedure
Visa Refusal	Before the official result release date for your current semester	Full Refund	Refunds can be approved for the courses for which the student has not yet received their grades. Students must submit their visa refusal letter.

11.7 Refund assessment rules for commencing international students

1. Where a refund application contains untrue or inaccurate information the applicant may be asked to re-apply for the refund or the refund application may be denied
2. If the applicant is unable to provide any required documented evidence the applicant may only be eligible for a partial refund, or the application may be denied.
3. If fraudulent documentation is found to be submitted as part of an application for refund or appeal against a refund decision, the student may be denied a refund.
4. A student who has enrolled and intends to withdraw from all study, must cancel enrolment before the census date to be eligible for a refund.
5. Students who enrol in a flexible term and cancel the enrolment after the flexible term census date will be charged 50% of the initial tuition fee deposit that was paid to accept the offer.
6. A student who defers their offer will have their previous acceptance deposit used to accept the new offer and the refund will be assessed against that transferred amount even if the new offer shows a $0 deposit.
7. Correct and complete applications for a refund will be processed within 20 business days. The exception is a provider default (where RMIT is unable to provide the program) in which case the refund must be processed within 14 days.
8. The application for refund submission date will be recorded as the date of enrolment cancellation or the date of an application for release and used for refund calculations.
9. Students who accept a package of programs including an offer for RMIT UP English language pathways may not be eligible for a refund of English fees. RMIT UP will make the decision on a student's eligibly for a refund of English tuition fees. See RMIT UP ELICOS Refund Procedure for more detail.
10. The same refund rules apply for deposits paid by students who are eligible for the international tuition fee bursary, Foundation Studies tuition fee bursary and RMIT UP Fast Track tuition fee bursary
11. Where a student is administratively withdrawn from the university due to non-commencement on the agreed commencement date, the commencing international student refund rules apply.
12. Students who reduce their study load in their first semester of their study without college approval will not be eligible for a refund.
13. Application for refunds submitted after 12 months of program commencement will not be eligible for a refund. This includes students who accepted their offer and are yet to enrol in an RMIT program.
14. An exception may be considered by the Associate Director, Admissions, Pathways and Operations

11.8 Table B1: Full refund assessment rules

Refund reason	Refund payable	Evidence required	Refund submission date

Compassionate or compelling reason	Full refund	Supporting documentation for specific compassionate, compelling circumstance. Proof of return home such as boarding pass or international movement record may be requested.	
Provider default – RMIT is unable to provide the program	Full refund	Email notification from RMIT	

Visa application has been refused	Full refund	Department of Home Affairs visa refusal letter	Application for refund should be submitted upon notification of visa refusal. Enrolled students must cancel their enrolment before the first semester official result release date for their current program.
Overpayment of fees	Full refund (via original payment method)	Proof of payment	Application for refunds submitted after 12 months of program commencement will not be eligible for a refund. This includes students who accepted their offer and are yet to enrol in an RMIT program.
Student did not meet program conditions (Academic or English condition not met)	Full refund	Official academic transcript or statement of results if not from RMIT, or English language proficiency test result.	
Student cannot provide release letter from current education provider	Full refund	Evidence of refusal of release	
Reduced study load approved by the college	Full refund of unenrolled course(s)	Evidence of reduced study load approval by the college	

11.9 Table B2: Partial or no refund assessment rules

Refund reason	Refund submission date	Refund payable	Refund charge	Evidence required
1. Failure to enrol by RMIT program deadlines or voluntary discontinuation of RMIT program for any of the following reasons: • Job offer • Personal reasons • Homesickness • Change of mind • Change of study plans • Personal decision to withdraw student visa application • Financial difficulties • Decision to accept a Scholarship offer from an Australian or overseas education provider • Any other reason for refund • that is not specified under Table B1: Full refund	4 weeks or more before program commencement date	90% of tuition fee deposit	10% withdrawal fee deducted from tuition fee deposit	No evidence required
	Within 4 weeks of the program commencement date, up until and including census date	50% of tuition fee deposit (Higher education flexible term enrolment see Section 11.8.4)	50% of withdrawal fee deducted from tuition fee deposit	No evidence required
	After census date	No refund	100% of withdrawal fee deducted from tuition fee deposit	No evidence required

11.10 Table B3: No refund assessment rules

Refund request scenario	Refund Outcome
Application for refund submitted 12 months after program commencement, including students who accepted their RMIT offer and are yet to enrol in an RMIT program.	No refund
Fraudulent documentation submitted as part of an application for refund or appeal against a refund decision	No refund
Students who withdraw from RMIT during the transfer provider restricted period of their student visa to take up a place at another Australian education provider without approved release from RMIT. Students who reduce their study load without school approval and have received their first semester grades. Important Note: International students on a student visa are required to seek college/school approval before reducing their study load. Refer to Enrolment load requirements for student visa holders	No refund
Student whose student visa has been cancelled for breaching student visa conditions(s)	No refund Note: A refund may be considered if a compassionate/compelling circumstance can be established via supporting documentary evidence. Visa cancellation letter must be submitted with the application for refund.

11.11 International student appeals against a refund decision

A student may appeal a refund decision where they can provide new supporting documents for a refund application or demonstrate that RMIT has not followed its own instructions in assessing a refund. An appeal must be submitted within 20 business days of the refund decision notification.

If an appeal is unsuccessful, students will be notified. The notification will set out the reasons why the appeal has been denied and will include the National Student Ombudsman (NSO) contact details.

12. Tuition Protection Service

RMIT is bound by the Australian Government's **Tuition Protection Service** (TPS) framework and maintains a statutory obligation to report any provider or student default to the TPS Director and to the TPS Secretary.

12.1 Provider default

A provider default occurs when:

- RMIT does not begin a course at the location on the agreed starting day, or the course is discontinued at the location after commencing and the enrolled student has not withdrawn from the course before the default day.

In the instance of provider default, tuition protection obligations must be met within 14 days of default.

12.2. Student default

A student default occurs when:

- The course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn), or
- The student withdraws from the course at the location (either before or after the agreed starting day), or
- The registered provider of the course refuses to provide, or continue providing, the course to the student at the location because of one or more of the following:
    - The student failed to pay an amount payable to the provider for the course
    - The student breached a condition of his/her student visa
    - Misbehaviour by the student

In the instance of a student default, RMIT must complete payment of a refund within 4 weeks of a completed refund request submission date.

Fees are adjusted on an annual basis and the fees in this schedule apply to 2027 only. The student tuition fees as published are subject to change given individual circumstances at enrolment. RPL fees are equivalent to the standard tuition fees for the course/s for which RPL is sought. More information about fees is available at rmit.edu.au/programs/fees/vocational.

For interstate apprentices, RMIT may receive funding from the relevant State Government in lieu of Victorian Government funding. The funding received will vary by contract.

Continuing students are charged for their program at their current fee rate (subject to annual indexation). This means that there may be two or more price streams for a single program. Where this occurs, the 'program description' field will indicate the cohort by calendar year that corresponds to the annual fee price listed

Free TAFE: From January 1 2019, the Victorian Government is waiving tuition fees for eligible students commencing priority government subsidised non-apprenticeship and pre-apprenticeship programs. The number of Free TAFE places available is subject to change and the Victorian Government may cap the number of Free TAFE places available for a program at their discretion. RMIT programs eligible for Free TAFE have this denoted against their program code.

*To be eligible for a government subsidised place, you must meet the Victorian State Government eligibility criteria. Find out more at https://www.rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/apply-by-level-of-study/vocational-applications/eligibility-for-a-government-subsidised-place

**You may be entitled to a concession on your tuition and student services and amenities fees if you are in a Victorian Government subsidised place and you meet the eligibility criteria to apply for a concession. Diploma and advanced diploma students are not eligible for a concession or exemption of tuition fees.

The First Peoples Access Fee Waiver supports eligible Aboriginal and Torres Strait Islander students commencing study in a government subsidised place. Under this waiver, students will not be charged tuition fees or the Student Services and Amenities Fee (SSAF) at any course level, including diploma, advanced diploma, vocational graduate certificate and vocational graduate diploma courses.

Appendix 5 - Aviation program fees

AD023 Associate Degree in Aviation (Professional Pilots)

Plan AD023A (Point Cook) and AD023BN (Bendigo)

These fees apply to both domestic and international students.

Students need to complete the following core courses to graduate, which total 144 credit points. Students also need to complete 48 credit points from one of three specialised streams (Instrument or Instructor). Students will be required to repeat any failed courses in order to be accredited and will be charged the fee for that course again.

Fees are subject to annual indexation and the fee charged will depend on the year the course is completed.

Bachelor of Aviation (Pilot Training) BP345P23

Students will complete their flight training under the Associate Degree in Aviation (Professional Pilots), RMIT program code AD023. This program is full-fee paying only, however, eligible students can apply for a FEE-HELP loan to cover their tuition fees up to the HELP loan limit.

You will be charged a specific fee for each course, with practical flying-oriented courses attracting higher fees* and theory-oriented courses attracting lower fees. The fee charged will depend on the year you take

the course (e.g. you will be charged at the 2027 rate for any courses taken in 2027, and at the 2028 rate for any courses taken in 2028).

Each flying-oriented course includes the standard number of flying hours required to gain competency. Note, the cost of additional flying hours to gain competence cannot be deferred to FEE-HELP.

ADM188	College of VE	Fine	Nursing placement non-attendance fee. Every Diploma of Nursing student is provided with one opportunity to successfully complete each of their 5 clinical placements to attain the required minimum at no additional cost. This fee may be charged as a disincentive for non-attendance or non-completion of an allocated placement. This fee is not to recoup the cost of associated placement administrative fees which are significantly higher. This fee may only be applied where the student fails to provide sufficient notice of non-attendance, or evidence of extenuating circumstances, as below: · A student fails to meet the pre-clinical compliance deadline and fails to communicate with the College WIL team. · A student refuses a placement allocation. · A student fails to complete the placement host's facility-specific documentation or pre-placement requirements (eg. Online modules, fit mask testing etc) for acceptance to clinical placement by the facility. · A student fails to attend an allocated placement block without prior notification of their non-attendance to the College's Clinical Placement Coordinator. Notification needs to be received a minimum of six (6) weeks prior to the beginning of the placement block (except in the case of illness or significant personal hardship - in line with special consideration guidelines and requirements). · A student fails to attend an allocated placement due to illness such that the placement is terminated or cannot be completed. The student must notify the Clinical Placement Coordinator of non-attendance due to illness so the fine is not applied. · A student fails to attend an allocated placement due to significant personal hardship (eg. Car accident, compassionate or caring commitments, death in the family, etc). The student must notify the Clinical Placement Coordinator within five (5) days of the absence that they are experiencing extenuating circumstances so the fine is not applied. Each case will be considered on its merits, and application of the fee will be determined on a case-by-case basis, based on the above criteria. Students should apply for Special Consideration where non-commencement or completion of a placement is a result of personal hardship or illness to facilitate further placements.	$500.00
